Quotes from James V McConnell, which were published in a 1970 issue of "Psychology Today" (spoken like a true CIA programmer...his words have unfortunately come true.):

"The day has come when we can combine sensory deprivation with drugs, hypnosis and astute manipulation of reward and punishment to gain almost absolute control over an individual's behavior. It should be then possible to achieve a very rapid and highly effective type of positive brainwashing that would allow us to make dramatic change in a person's behavior and personality."

"We should reshape society so that we all would be trained from birth to want to do what societies want us to do. We have the techniques to do it. No one owns his own personality."

"You have no say about what kind of personality you acquire, and there's no reason to believe you should have the right to refuse to acquire a new personality if your old one is anti-social."

An excerpt from this blog:

The Terrorism Liaison Officer (TLO) is a local government First Responder who acts as the eyes and ears of the Department of Homeland Security through FUSION Centers or other data collection and processing hubs. These data centers are the place where other entities loosely attached to local law enforcement operate behind the scenes.

According to the TLO Course Outline:

"The Terrorism Liaison Officer (TLO) is designed to be a nationally interconnected program of designated law enforcement officers, firefighters, military, and other first responders that attend an approved and accredited course of instruction. This shared learning experience prepares the TLOs to fill a specific role within their organization as a link or "liaison."

The outline goes on to state:

"...utilize the Terrorism Liaison Officer (TLO) Program to foster communication and collaboration among the fire service; law enforcement; the federal homeland security and intelligence communities and public safety stakeholders. The TLOs serve as the conduit through which homeland security and crime-related information flows from the field to the Fusion Center for assessment and analysis."

Capital One Bank just closed my checking account without notice, an account that has been in good stead for many years. I now have no checking account. And because I missed the call from the security team rep because I was on the phone with a Capital One rep, they say they will not contact me again and the relationship has ended. This is dirty subversive fascism at work. So no explanation whatsoever. The same thing happened with a Square account a few months back. I will add this to my collection of all the accounts they sabotaged and subsequently closed in the last few years. Though I have experienced myriad forms of manufactured difficulty and struggle over my lifetime due to being in this program since birth, this level of full spectrum takedown that began three years ago is unprecedented.

This particular incident, by the way, transpired from getting paid by a supposedly legitimate tutoring client, who then turned around and reversed the deposit that I made. This also happened in very much the same runaround, orchestrated, scam-artist fashion with another recent client who continued to "renegotiate" the contractual price we had agreed upon for an editing job which culminated into her not paying me at all after about twenty hours worth of work. That debacle began when I tried to process a payment from her through Square and the payment got "flagged" and my account shut down with no explanation.

The mafia takedown machine is very well oiled and I am so versed in their tactics now that I know instinctively when they are afoot. Make no mistake, this Targeting MK-Ultra program micro-manages your life and relationships in every way and makes its presence known at all times. It is inescapable very much like an invisible concentration camp and torture chamber.

These are fascist, communist, sadistic, CIA, CointelPro and Infraguard tactics that are used on people who are wrongfully and unconstitutionally listed or labeled as a potential antagonist to their New World Order agenda. They micromanage my finances and opportunities (as well as my life), which makes any new client a potential setup for problems. This will be the way everyone is treated in the future if this despicable totalitarian takeover continues and they flag you for whatever bogus reason they can come up with.

Two and half years ago, they ripped my life apart and created so much chaos that I am still recovering from it. This is then coupled with around the clock Neural and Directed Energy assaults to cause extreme disruptions in concentration, focus, and energy levels, which makes it even harder to overcome the insanity that they perpetrate. The stronger you are, the more unwavering your integrity, the more outspoken, the harder they hit.

They are the dirtiest, shadiest criminals around, made more insidious by the deniability of their government sponsored crimes. I was a top student, always ambitious, a business owner, and hard-working and now I am struggling to survive because of what these lowlife dregs do to me every single day.

I am one of millions and this number will grow if something isn't done. These people are human stains on society and will go down in history as such.

I wish everyone out there who is legitimately and with integrity fighting this the very best.

Why?

- So they can instigate a **state of emergency** and manage their populations:
 - Sanctions/restrictions/new laws.
 - Removal of civil freedoms/liberties.
 - State of fear resulting in public obedience, compliance and servitude.
 - Justification for illegal wars in foreign countries.

Research:

- *False Flag Attacks.*

This country is a persistent crisis drill and that includes targeting and these horribly produced staged shootings, which both relate directly to the manufactured War on Terror. People may say I am being insensitive if I call this out for what it is. If anyone can prove without doubt that people actually died, my compassion would be immediate, but until then, I focus on what I see as treasonous propaganda and trauma-based conditioning via media.

What I find most disturbing is how far these Zionist and Masonic agents and governments are willing to go to promote and sustain lies. We are literally drowning in them and are so conditioned to them as fact that few people question their validity.

It's not just one staged event, though, it's the world. The world stage is literal and it has been for a long time. You're watching a reality show that uses fake, fear-based tragedy to manipulate sentiment and remove freedoms. Absolute control is always the end goal. And those who benefit from this ethically bankrupt material world protect these tyrants because they are the hand that feeds them.

Deception and the ability to convince people that lies are actual truth are overarching values necessary to maintain dominion over the masses. It is their way.

Saying these people in these staged mass shootings are being mind-controlled is a setup meant to discredit all people who are legitimately targeted and being hit with neural tech. The Aaron Alexis and Myron May shootings were coded Masonic productions (AA is 11 code. MM is 33 code.) that play into the slanderous mental health angle. See the forest for the trees. The term Targeted Individual is becoming a propagandized label that will be used to take everyone down along with the rest of the people in this country that they feel will stand in the way of the New World Order totalitarian agenda.

Nervous system manipulation by electromagnetic fields from monitors <https://patents.google.com/patent/US6506148B2/en>

=====

This world IS propaganda...pro pagan...the lies are ancient.

=====

I am outside and counting a minimum of fifteen drones in the neighboring airspace around my residence.

I looked through binoculars and was able to make out a red light on one of the closer ones, so that disproves the bogus "nearby star" theory.

Illegal, criminal surveillance and profiling, not to mention the nightly electromagnetic assaults that I experience for exposing these lowlife thugs. I am one of many and the numbers won't get smaller.

And people say the neighbors aren't involved in this Targeting Program. Hilarious.

Our communities and neighborhoods have been militarized and turned into dirty spy and thug hubs. Listen closely to what people like me are saying. We know what we are talking about.

Our corrupt government wants you to believe that they are doing such things in the interest of national security and for your safety. How so?

Where is my criminal record? Where is my due process? Where is the evidence? Why haven't I been arrested after years of around-the-clock harassment, assault, and terrorism?

I will confess one thing. I do make them nervous. Because I, on the other hand, DO have evidence. A lot of it. And I know how to break down this criminal program better than the derelicts who spearheaded it.

The government acts more like terrorists than anyone they have wrongfully put on their bogus watch list. Corrupt totalitarian government strike fear in people, then convince them that they are being good little boys and girls for saying nothing, doing nothing, and condoning anything and everything they say and do.

That is the literal definition of a terrorist.

They have turned the world into a mob of brainwashed, fear-ridden robots who prefer to look the other way than stare it down the barrel. At some point, you won't have a choice.

Snap out of it.

Predictive Programming of mass mind control fifteen years ago.

Movies are coded signals of what's to come for those on the inside who speak the hidden hand language. Anyone who points this out is discredited because they are referencing an allegedly fictional medium.

A perceptive mind should be able to move beyond the initial cognitive dissonance of this idea and see that it is actually everywhere when you look.

These aren't coincidences. They are occult programming rituals. The CIA is the biggest movie producer on the planet.

Compelling quotes posted by Stacey Flanagan in a group I moderate:

"There's no biological imbalance. When people come to me and they say, 'I have a biochemical imbalance,' I say, 'Show me your lab tests.' There are no lab tests. So what's the biochemical imbalance?" —Dr. Ron Leifer, psychiatrist

"All psychiatrists have in common that when they are caught on camera or on microphone, they cower and admit that there are no such things as chemical imbalances/diseases, or examinations or tests for them. What they do in practice, lying in every instance, abrogating [revoking] the informed consent right of every patient and poisoning them in the name of 'treatment' is nothing short of criminal." —Dr. Fred Baughman Jr., Pediatric Neurologist

"Psychiatry makes unproven claims that depression, bipolar illness, anxiety, alcoholism and a host of other disorders are in fact primarily biologic and probably genetic in origin...This kind of faith in science and progress is staggering, not to mention naïve and perhaps delusional." —Dr. David Kaiser, psychiatrist

While "there has been no shortage of alleged biochemical explanations for psychiatric conditions...not one has been

proven. Quite the contrary. In every instance where such an imbalance was thought to have been found, it was later proven false.” —Dr. Joseph Glenmullen, Harvard Medical School psychiatrist

“The theories are held on to not only because there is nothing else to take their place, but also because they are useful in promoting drug treatment.” —Dr. Elliott Valenstein Ph.D., author of Blaming the Brain

“There is no blood or other biological test to ascertain the presence or absence of a mental illness, as there is for most bodily diseases. If such a test were developed...then the condition would cease to be a mental illness and would be classified, instead, as a symptom of a bodily disease.” —Dr. Thomas Szasz, Professor Emeritus of Psychiatry, New York University Medical School, Syracuse

“I believe, until the public and psychiatry itself see that DSM labels are not only useless as medical ‘diagnoses’ but also have the potential to do great harm—particularly when they are used as means to deny individual freedoms, or as weapons by psychiatrists acting as hired guns for the legal system.” —Dr. Sydney Walker III, psychiatrist

“No biochemical, neurological, or genetic markers have been found for Attention Deficit Disorder, Oppositional Defiant Disorder, Depression, Schizophrenia, anxiety, compulsive alcohol and drug abuse, overeating, gambling or any other so-called mental illness, disease, or disorder.” —Bruce Levine, Ph.D., psychologist and author of Commonsense Rebellion

“Unlike medical diagnoses that convey a probable cause, appropriate treatment and likely prognosis, the disorders listed in DSM-IV are terms arrived at through peer consensus.” —Tana Dineen Ph.D., Canadian psychologist

Do not go gentle into that good night,
Old age should burn and rave at close of day;
Rage, rage against the dying of the light.

Though wise men at their end know dark is right,
Because their words had forked no lightning they
Do not go gentle into that good night.

Good men, the last wave by, crying how bright
Their frail deeds might have danced in a green bay,
Rage, rage against the dying of the light.

Wild men who caught and sang the sun in flight,
And learn, too late, they grieved it on its way,
Do not go gentle into that good night.

Grave men, near death, who see with blinding sight
Blind eyes could blaze like meteors and be gay,
Rage, rage against the dying of the light.

And you, my father, there on that sad height,
Curse, bless, me now with your fierce tears, I pray.
Do not go gentle into that good night.
Rage, rage against the dying of the light.

“The greatest evil is not now done ... in concentration camps and labor camps. In those we see its final result. But it is conceived and ordered (moved, seconded, carried, and minuted) in clean, carpeted, warmed and well-lighted offices, by quiet men with white collars and cut fingernails and smooth-shaven cheeks who do not need to raise their voices. Hence, naturally enough, my symbol for Hell is something like the bureaucracy of a police state or the office of a thoroughly nasty business concern.”

We shall not try to make these people or any of their children into philosophers or men of learning or of science. We are not to raise up among them authors, orators, poets, or men of letters. I posted that this was being predictively programmed for me over a year ago. Now they are predictively programming the masses. These Satanic Zionists all their minions are going to try and blame an attack on a foreign bogeyman when they and the corrupt shadow government are the true destroyers of civilization.

Since being targeted, I have experienced a dozen power outages in two years and they were timed in such a way to make it clear that they were intended. On a couple of occasions, I was talking to other targeted activists like when it happened. HAARP is clearly being used to control nature and maneuver storms and could also be used to take the power out en masse.

They want to destroy this world and then enslave the remaining survivors in their insane Totalitarian One World dystopia.

We have been cocooned in a false reality for too long. They seem to be manipulating the masses like brain-dead zombies. Operation Mind Control looks to be a resounding success.

The entire world has been designed around dependencies that are monopolized by the powerful few and can be taken away at any point to produce worldwide panic and chaos.

This will then be used to declare a State of Emergency, as very few in this world are self-sufficient as a lifestyle. We have become dependents on people who look to enslave us and who hold their power over our heads in order to guarantee loyalty, obedience, and lifelong subservience.

Water, fuel, food, power, transportation, currency, technology, the internet, employment. The list goes on.

Do you really think that those moving this world toward a third World War and an Orwellian Police State developed innovations in order to increase our quality of life and make us happier and more independent?

Their singular goal has always been nothing short of absolute, despotic, impenetrable population control and they will twist the proverbial arms of these dependencies to get it.

What I find most troubling is that we have become so heavily conditioned by the culture they have developed that, like withdrawal from a strong drug, the absence of the "fineries" to which we have grown accustomed strikes most as more painful than a life of conditional servitude.

Self-reliance...is it still possible? Is it even desired?

Whatever the answer, I know one thing from being targeted by this very same power. These people are the last on earth I want in charge of my future, let alone my children's.

They are the antithesis of what I consider decent and good. I look to disabuse myself of all their cultural bells and whistles, painful though it may be, and expose them for what they are.

Interesting site that I was moved toward. Seems distinctly connected to my experience. Not sure if this guy is real or not. His first and last name start with M, which is a 33 code. With the middle name his initials are MWM, which could be a 333 code. Mathis is also a name that connects thematically to other people.

Part of the lifelong ritual involves having different celebrities make their presence known in subtle ways. A few years before the targeting went overt, Johnny Mathis appeared at the other end of a restaurant bar where I was getting something to eat in between consulting appointments. He looked straight at me in a way that was unusual, like he knew me. Johnny Mathis was someone I listened to growing up because he was one of my mom's favorite singers and she had a few of his albums that I would play on my record player.

This same technique had been used many years before when I was at a venue where friends of mine played regularly in a fairly popular band in LA. One night, Bill Maher was there and just like this time, I was the only one at the bar ordering a drink and he appeared at the other end of the bar. I have many examples of these types of intersections. It is not an accident. It is a long-form ritual that connects to programming and world agenda.

But where hatred reaches paroxysm is in the case of the newly rich. What is the good of having destroyed Kings, nobles, and

aristocrats, since deputies, farmers, and tradesmen take their place? What cries of hatred! Of all the ruins found and increased by the

Directory - ruins of parties, ruins of power, ruins of national representation, ruins of churches, ruins of finances, ruins of homes, ruins of consciences, ruins of intellects - there is nothing more pitiable than this: the ruin of the national character."

All politicians and world leaders are blackmailed, compromised, and programmed. This is why they promise everything and accomplish nothing. Their job is to feign progress while pushing agenda. To keep people caught up in smoke and mirrors and manufactured drama. Trump is no exception. Assange is just another aspect of the dialectic. They are ALL players.

We as citizens need to be smarter and move away from this ensemble of false idols. These people are propped up to be used as anchors for the masses. Once you invest your faith in these figureheads, they will then direct your belief system and move you into directions that benefit the agenda. This is the Illuminati and Masonic system, and it is how they manipulate world populations like mindless cattle.

None of these people stand for us. They serve themselves and their Cabal. And they lie and deceive as a rule. The rest of the human race to them is nothing but fodder.

Understanding their true nature destroys their power. If everyone around the world saw them for what they truly are, they would be finished.

This targeting program is run by psychopathic cowards who threaten people's lives all the time in the most insidious ways. One of their favorites in my case is the idea of an orchestrated accident. Semi-trucks are used often to drive this home. Tonight, I had a semi-truck barrel by me right as I approached an intersection. The scum CIA and DHS Nazi handlers will use the neural tech on a person to cause a momentary disruption and distraction in focus and concentration for this to occur. They have attempted this many times on me in the last few years.

It has been clearly demonstrated to me that this tactic is deliberately used to orchestrate potentially fatal accidents. If they had done so in this particular moment and I was not paying attention, the side of my car and I along with it would have been crushed. A few years back, they did this when I opened my car door while parked and a bus mangled my door and nearly took off my head in the process. On another occasion, they influenced a family member to take her hands off the wheel in hysterics on a freeway with a semi-truck hovering right next to us for way too long. We were on our way to pick up my children from the airport.

These murderous criminals who spearhead these programs threaten a person often with innuendo of fire, poison, car crash, cancer, heart attack, to name a few, consequential outcomes they can then pass off as "accidental" or "natural" when in truth these tyrannical and genocidal intelligence agencies are using debilitating technology along with their traitorous minions to bring about all of the above.

All of this is orchestrated with technology as a central ingredient, though these liars and their corrupt media propaganda would have you believe otherwise. Over time, the truth of this insanity will emerge.

All of these people deserve to be tried and executed for attempted murder, murder, crimes against humanity, war crimes, and treason.

It is clear that the program I am in is international, major, lifelong, and agenda-driven. It involves military intelligence, intelligence agencies, secret societies, academic institutions, corporations, and governments around the world, all in cooperation with one another. This would also be the definition of worldwide totalitarianism.

These IPs give one a clue. I am in the process of putting together a master list. The Department of Defense and US Army

Intelligence are scanning my computer often. But it has nothing to do with counter-terrorism. I and many others are lifelong experiments, experiments that involve serious trauma and disruption to one's life. It is a criminal enterprise and will go down in history as such when all is said and done.

The world to the Illuminati, Freemasons, CIA, DARPA, and others is treated like a lab facility and human farm with people as cattle to be used in any way they see fit. There is no regard for privacy or property, and these days that includes one's brain.

Human rights and freedom to these madmen is a thing of the past. They look to make that covert ideology a household reality. That is their endgame.

=====

The intelligence agencies, DHS, and local law enforcement are using technology on people they target to make it very difficult to pursue an investigation of the crimes committed against them. This fascistic system already renders null and void all systems of typical support but then on top of this, is using neural-mapping technology that severely reduces productivity, focus, concentration, drive, and follow-through.

The same technology can be used over a lifetime to either drastically reduce the a person's cognitive abilities and quality of life and the person would never know it.

This is a form of synthetically managed eugenics and nepotism. These bloodlines use technology on their own to augment their lives and abilities in exchange for lifelong loyalty (i.e. "Selling Your Soul") and degrade the rest of the world population.

They are serial criminals without conscience who believe in the delusion that they are superior to the masses, chosen. Their days are numbered.

July 3, 2018

Intelligence and Military Intelligence and the most powerful secret societies behind them have turned the planet into a sophisticated simulation and control grid with predictive capability. Their goal has always been to enslave ALL life -- both internally and externally -- on a macro level, a micro level, and everything in between. The masses of this world, to them, are on this earth to serve them and nothing more.

The military and Freemasonry — which at the higher levels are one and the same — are ideologically aligned with the Judaic and Masonic Illuminati and their deranged perspective of humanity. They operate in a hierarchy where those below never question those above. It's set up in that way to provide built-in protection for their depravity and criminal ways and to keep the truly good and humane from ever rising to the top.

Evil to these people is a valued commodity and one of their most often used tools of control. They have successfully turned the world into a persistent fear-based and trauma-based experience that is designed to intimidate and degrade the individual and one's natural and free existence.

Even the toughest rarely go up against them because of their overwhelming material power coupled with centuries of psychological conditioning to instill the false belief that we are incapable of doing anything that will legitimately affect change.

The "revolts" or "rebellions" that do form are rarely if ever organic. They are managed by the same power and crafted with predetermined outcomes that benefit them and no one else.

This further adds to the deflation of the human spirit, which is the point. They want the world to hit rock bottom. The propagandized, MK-Ultra media is used to drill these ideas deep into one's psyche.

They are dark psychologists and sadists who have refined techniques of deception over thousands of years.

They view the world through a cold lens, where the means justifies the end, regardless of how inhumane and malevolent. Life, to them, is expendable. The group, the collective, takes precedence. Always.

These tyrants have exacted near incalculable amounts of pain and suffering on this planet, all the while spewing out propaganda and lies that cover up and deny this truth.

It's a Satanic and destructive power structure hellbent on preserving its own and destroying everyone else in the process, especially those it deems most threatening to its everlasting dominion.

For those who do see beyond the deceptions, the outlook is meant to look grim. Evil always heightens and magnifies itself, which in actuality belies its true weakness.

In the end, they will fall.

=====

This kind of drip disclosure is often staged and scripted and ultimately meaningless. It's edifying to study though, as it helps me to understand their techniques of deception and perception management.

They want people to feel that their privacy and freedoms are being honored when nothing could be further from the truth. These people are invading, manipulating, and often sabotaging our thoughts, relationships, lives, and overall well-being. That makes this kind of news a red herring insult to one's intelligence.

True justice would globally dismantle all current intel and military structures and rework them in such a way as to transfer equal power to the people in ways that are verifiably transparent.

Anything less is more of the same.

...the Stasi often used a method which was really diabolic. It was called Zersetzung, and it's described in another guideline. The word is difficult to translate because it means originally "biodegradation." But actually, it's a quite accurate description. The goal was to destroy secretly the self-confidence of people, for example by damaging their reputation, by organizing failures in their work, and by destroying their personal relationships. Considering this, East Germany was a very modern dictatorship. The Stasi didn't try to arrest every dissident. It preferred to paralyze them, and it could do so because it had access to so much personal information and to so many institutions.

I have been looking up the plates on a number of the vehicles that mob me in public (and getting increased torture for it, which is SOP for these programs).

I am discovering some interesting patterns.

For one, though I am in Louisiana now, a number of these plates have Wisconsin DMV as their "source."

Fort McCoy is the only military base in Wisconsin and it is one of the few that offers "Total Force" training before deploying military. It is a major training hub for the Army, which at this point is waging covert war on citizens around this country.

Coincidence? Doubtful.

Moreover, I am finding as well a number of felons in the mix. Also, ex-military, ex-law enforcement, current military, and medical professionals, and medical professionals, namely off-duty doctors and nurses.

So basically all of my instincts and analyses when it comes to this program are being confirmed.

They are playing the War on Terror angle, potential criminal angle, and mental and behavioral health angle, and putting representatives around a TI to "legitimize" their slanderous and criminal profiling.

Add to that the felons, a number of whom it shows were convicted for various types of fraud. I personally experienced this on two occasions not long ago, when potential clients turned out to be cons that were sent to scam me and get my online payment processing accounts terminated.

So beyond the fascistic militarization of this country, you have a pyramid scheme that employs and rewards criminals and cons for scamming innocent and law-abiding civilians.

Think about this for a second. You have all of these people, allegedly public servants, who are supposed to be protecting and serving, and instead they threaten, terrorize, lie, cheat, scam, steal, assault, torture, and destroy pretty much in every way the lives of natural-born citizens of this country.

Citizens who are the most likely to stand up to tyranny, wrongdoing, and corruption.

Another coincidence? Of course not.

That people are still claiming that this program doesn't exist is becoming a big joke. But they will push that angle as much as possible until we prove without doubt that everything we claim is true.

I intend to do exactly that. I suggest everyone who is targeted do the same. My best to all, especially those targeted and fighting hard.

Tavistock is integral to the Luciferian New World Order Social Engineering model.

Its original founders include British Army Psychiatry, which arguably has very close links to the CIA's MK-Ultra programs and Nazi psychiatry and psychology in general.

Transgenderism is being socially conditioned in order to destroy over time any predominant concepts of human nature and the natural procreative family.

Bonds between moms and their natural born children are irrationally strong. Bonds between natural parents and their children are also irrationally strong.

They know this, which is why you see what you are seeing today. They are tearing at the social fabric of what constitutes a healthy society and have been doing so aggressively for nearly a century.

It is a totalitarian, communistic enterprise, where the tyrannical and abusive State gives itself ultimate authority over people and children. Tavistock is a big player in this. And they are strongly connected to the programmed agenda that was attached to me from birth.

They are evil.

This is what I get when trying to make an FBI FOIA request on my name.

I sent two verification requests and both links in both emails returned this error page.

Now why would they not be able to find the resource if the link I received comes straight from the FBI?

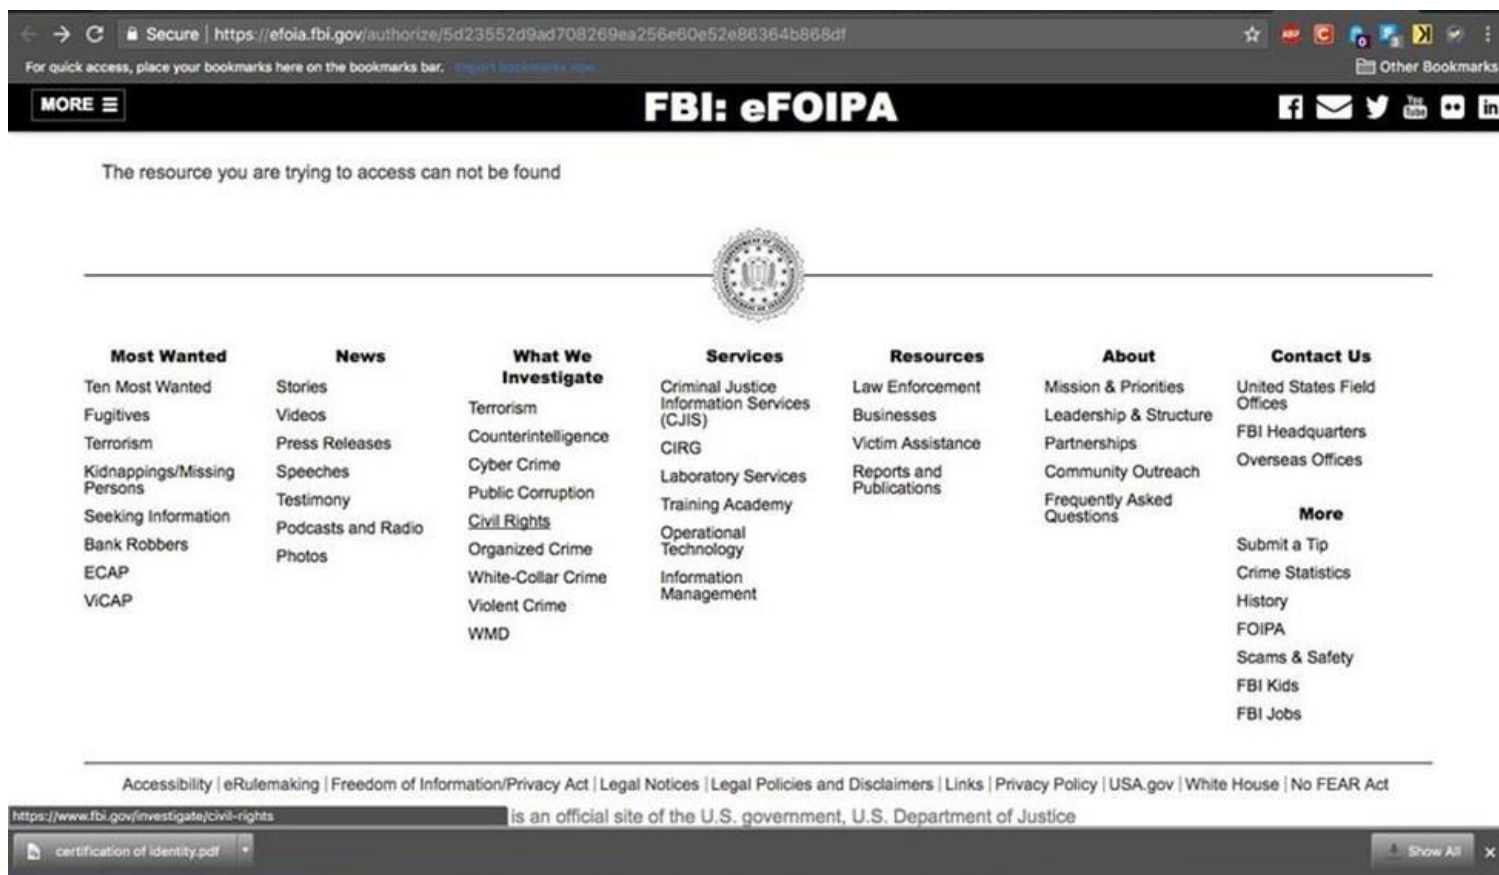

These types of error messages I received often from various websites when my life was taken down hard three years ago. It's a part of their chaos and crazy-making model.

I can't determine exactly what happened here, but there is no doubt that bogus messages and precision-timed events are used on people who are targeted to deter them from getting to the bottom of the crimes being waged on them.

It's like boxing a person in on the road but in this case, they box in your life and make it very difficult to receive legitimate help or to make any real progress on your own.

Our government behaves identically to a sophisticated, well-oiled, organized crime syndicate when placed in its crosshairs. This is not a government for the people. It is a government against the people.

And most against the ones who see right through its propagandized facade.

This is an email back in February of 2015, a few months before the hard takedown of my life by these fascist ZioNazis. It's from the Apartment Manager and Maintenance Supervisor confirming that there were transients roaming around outside our apartment and caught on camera when I claimed there were.

I asked them to put this in writing because I knew something was up. I still had no idea what targeting or these programs were all about but the lackluster attitudes from management and the other neighbors (aka informants) toward the break-ins and persistent trespassing was suspect.

The transient informants, many of whom were probably petty criminals, were instructed to come onto the property at night and mess around my bedroom, as well as break in while I was sleeping or gone. On one occasion, I woke up to a knife open and next to me on my bed.

They did this for several months in order to set up the psych terror, slander, and DSM profiling campaign. They wanted me to wig out so that they could label me paranoid and delusional.

That becomes a problem for these lowlives when you catch them in the act on multiple occasions. Which I did. Despite doing so, the management, who were one hundred percent involved in this criminal Zersetzung takedown operation, continued to downplay the seriousness of the issue and even went so far as to suggest that a raccoon that someone allegedly saw on the property might be setting the motion detector camera light off!

You don't know what it means to lie for a living until you come face to face with the dirtbags that comprise these DHS Stasi programs.

My family lived in this apartment in a very nice neighborhood for over eighteen years as good tenants and in the end, they ripped my life apart in the most shameless and despicable of ways.

There is no keeping this truth down.

This program will be destroyed.

I get coded plates often, as do many people who are targeted.

Intel, Military Intel, Masons, and Illuminati use codes and they do so in ways that can always be denied.

Plates, signs, t-shirts, among other visual forms of expression are often coded with messages. It's one of the salient features of this program.

They promote ideas and build upon what I call narratives that feed into their scripted timeline of the individual and the programming goals of the MK-Ultra Monarch handlers.

It's also a form of psychological warfare and used as a DSM profiling and slander technique when exposed.

In the pictures below, you will see a smattering of these. All deniable as individual examples but not when the same ones show up on dozens of occasions.

The meanings are somewhat interpretive on some but I've been with this program long enough that I know I am very close.

The military plates are a clear indication of involvement and are around me nonstop. Make no mistake, this Targeting Program is a military and intelligence operation.

In one instance, when I was getting a lot of "Number One" innuendo, a Bentley US Army Ranger plate with the number "1" pops up. The ACE plates are another "Number One" code.

The ACI plates are anagrams of the CIA. XSA is a distortion of NSA.

KKX is a distortion of KKK, who have made their presence known in aggressive ways.

(In both of those instances, the letter X is used much like a variable in a math formula. Clever.)

All of these are signals of involvement and are meant to intimidate and threaten.

CDC is an acronym Center for Disease Control. A form of veiled threat as I have been poisoned on a number of occasions and nerve agent toxins are released into my room and the car ventilation.

The TAX coded plates have psych warfare value around tax season because they are hitting me so hard with Directed Energy and Neural Tech that I am having trouble filing my taxes on time.

The APA plates are for American Psychiatric Association. This is a veiled threat for institutionalization, which is a big part of how they discredit people they target. This will be coupled with DHS crisis actors running around in nurse and doctor scrubs.

The WIK plates are short for Wiccan. Can also have phallic connotations, as the people behind these government programs have Babylonian and Satanic Sex Cult roots (Obelisks are a big symbol for them).

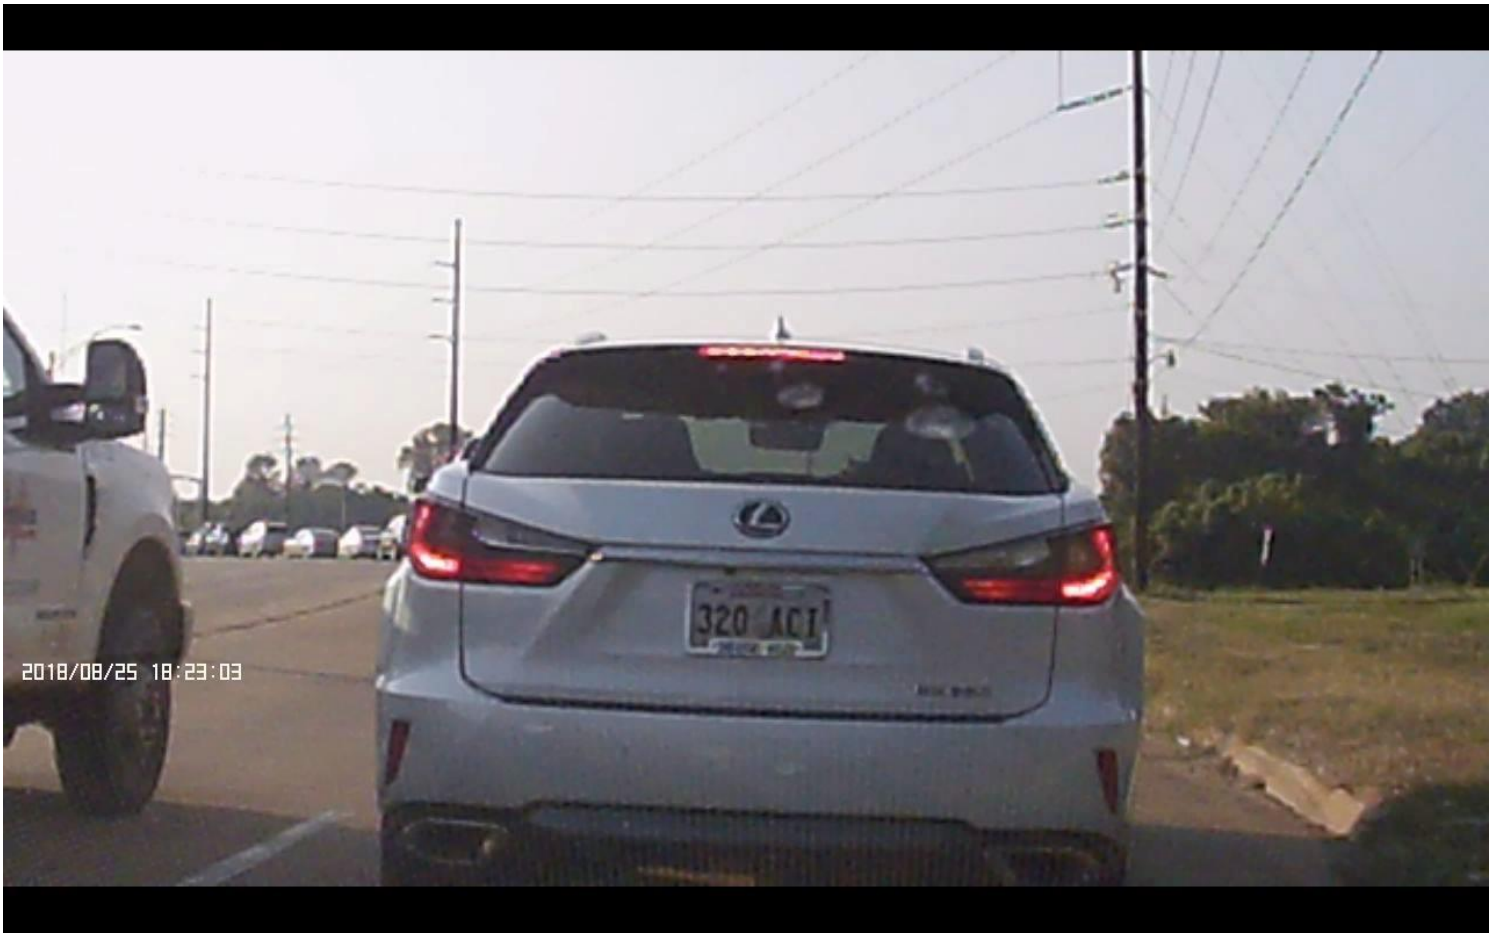

The WKA plate translates phonetically to Wicca.

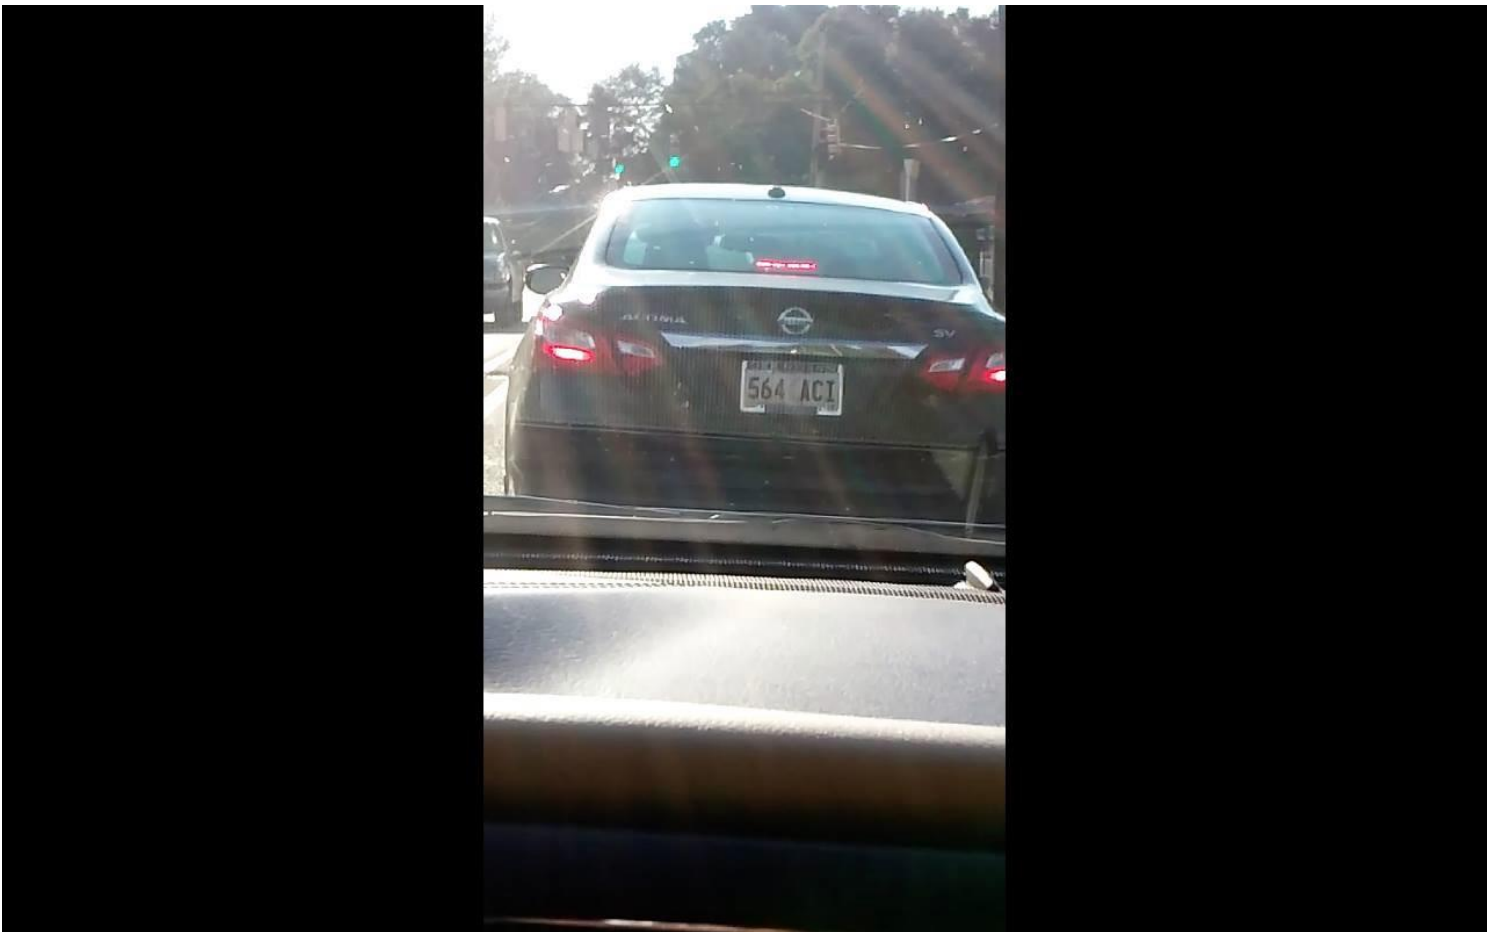

The AON plates relate to Luciferian, New Age, and mythological narrative. This is a programming narrative. Aon as a godlike archetype. This is also a play on the word Aeon.

The 144 code is an End Times code, meant to plant the seed of the 144000 Chosen Ones of the Bible. This is another narrative often promoted, furthering the notion that those targeted and persecuted like this have been chosen by God.

These are just a few examples but you get the idea. This program is clever but not that clever.

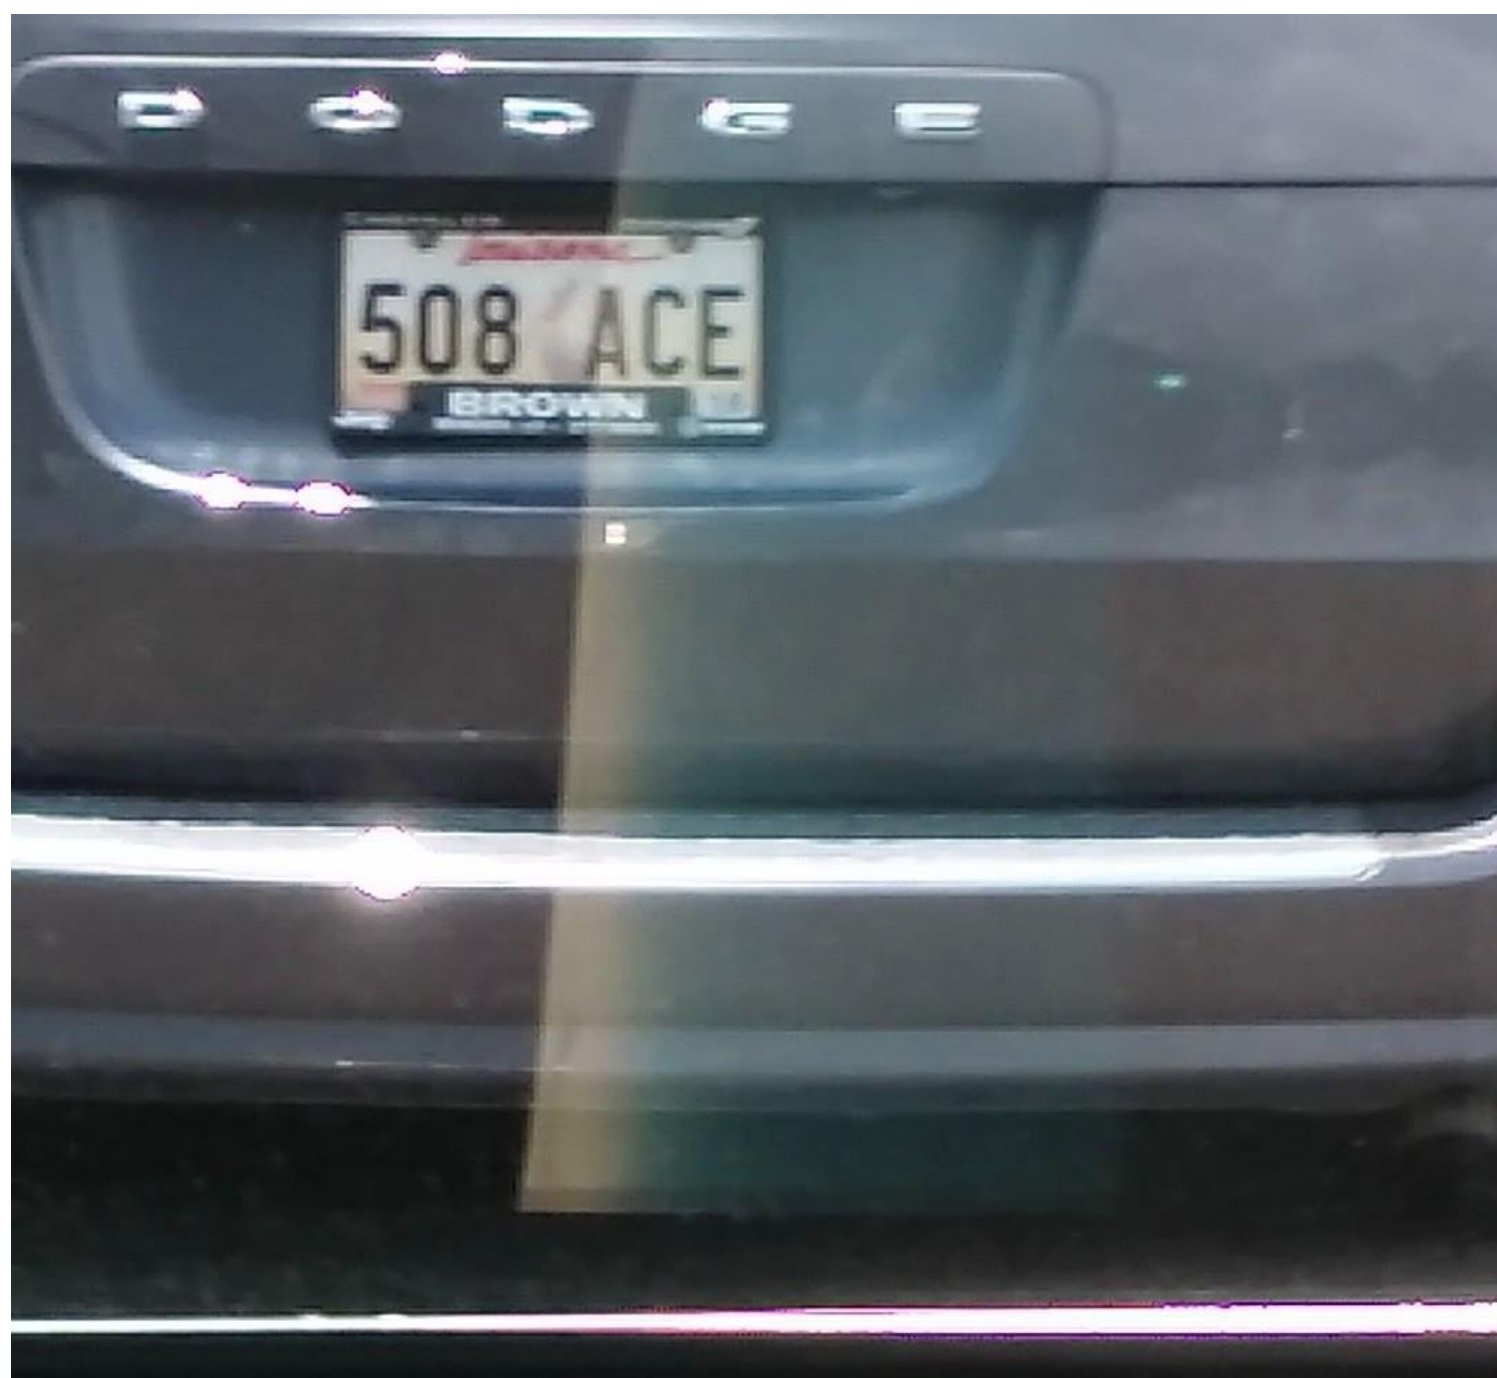

When you break it down analytically, it's more like a pathetic joke.

Snakes come in all shapes and sizes. The worst of all pretend to be good and honest as they lie through their teeth and smile.

=====

Time is often used for Masonic coded communication among insiders. If you pay close attention to the propagandized media, you will see this.

In my case, I get neurologically influenced to look at the time at very specific moments that play into their coding. This coding is also mirrored in other ways such as license plates of informants who drive around a target.

The process is ritualistic. Satanic. Luciferian. Masonic. Kabbalistic.

These numbers can be coded on their own or are compressed to form significant numbers. They can also be multiplied on each side of the colon that separates hours from minutes.

Here are a few of the consistent standouts:

1:11 (3 code)

1:13 (reverse 33 code)

1:16 (reverse 66 code)

1:18 (reverse 88 code)

1:19 (reverse 911 code)

1:23 (6 code)

1:44 (End Times code) 2:22 (6 code)

2:44 (88 code)

3:22 (66 code or Skull and Bones) 3:33 (Big Masonic number)

4:44 (Destruction code)

5:55

6:11 (66 code)

7:11 (77 code)

8:11 (88 code)

9:11 (911 code)

10:10 (11 code)

11:11 (22 code)

12:12 (33 code. Supposedly highest degree of Masonry)

These aren't angels or spirits communicating something to me, as some would have you believe. These are Satanic, Masonic, Illuminati handlers and programmers who are reinforcing their presence through ritual and attempting to assert dominance and ownership over me as an independent and free human being.

There are many ways that these numbers can be messed with for coded signaling purposes. I'm sure there are plenty I am not aware of, but these are the more obvious ones.

Targeting is not just about destroying people's lives covertly. It also has pronounced roots in programming agenda with ancient motivations that were attached to people from birth.

That's the part they do not want exposed, because it tears at the very fabric of everything they are doing, which is exactly why I expose it. It is inhumane, subjugating, deeply criminal, highly deceptive, and just plain evil.

They will be held accountable and judged severely in the end for what they have done and do.

=====

The Masons and the CIA stage deaths of world stage players and often have them come back as someone else. It's a ritual they get off on.

A calm, rational, and neutral mind is much harder to manipulate than one in a heightened emotional state. This is one of the reasons why the CIA continuously fabricates sensational and dramatic propaganda and spins it as news and reality. Because a mind in a perpetually heightened and reactive state is much easier to program and control. They approach the world and humanity from this vantage point.

Today I started a new job at less than a tenth of the rate I used to bill hourly before they took down my IT Consultancy.

For almost three years, my life has been nothing but struggle, which is the nature of these criminal ZioNazi Zersetzung MK-Ultra takedown operations.

I am unable to get high-paying work because I am conditionally blacklisted and my life was taken down and subsequently micro-managed from top to bottom by the CIA and Co. DOD. Mossad. Khazarian Mafia. DHS. Cops. Masons. Secret Societies.

They all originate from the same cesspool.

Not to mention the fact that my brain has been fused with their technology which can turn into a debilitating neurological nightmare if and when they hit hard, which is often when a person fights back and goes against their programmed agenda.

Suffice it to say, this entire experience is premeditated, mapped out, and controlled. If you are in this program, your life becomes a persistent intelligence operation and crime against humanity.

This is the world we live in. Important to wake up to it.

I don't expect people who aren't targeted like I am to understand this entirely. But if you aren't, you really should listen. I am an expert on these programs and crimes at this point. And I and many others are giving everyone a well-informed heads up.

No matter what, I continue to arrive at one definitive conclusion:

These people are pure trash.

This is how they will go down in history. They are a cancer on this world.

The number six million shows up many times between 1915-1936 when referring to the plight of Jews.

Worth investigating, especially considering the hostility toward anyone who dare question the statistics and propaganda thrown out by a government that lies for a living and is at this point owned by the Jewish power structure.

Facts are not Anti-Semitic.

And that term is ridiculous, by the way, especially if used toward me, because I am Semitic. Semitism encompasses way more than Judaism.

I believe this is one of the key programs involved in the harassment and terrorism of unconstitutionally and criminally listed US civilians, otherwise known as targeting.

DHS programs such as this, along with FEMA, the fusion centers, local law enforcement, plus Infraguard make up the bulk of day-to-day harassment and terror campaigns.

Same thing happened in Nazi and Stasi Germany. A lot of people thought they were doing a good thing, keeping their country safe, but in truth were contributing to terrorism and persecution of millions of citizens.

The shadow government and its various "intelligence" agencies have a history of fabricating reality and the truth instead of presenting the facts with integrity and a respect for its citizenry.

If they are able to start a War on Terror on nothing but a bed of lies and then sustain that lie for almost two decades, do you really think they tell the truth about anything?

If the goal always is to manipulate the masses in order to satisfy ulterior and nefarious motives and objectives, then lying and deception become rules, not exceptions.

If that is so (which it is), then why should we ever believe what they tell us?

It's much more sensible to assume that the reality they deliver is solely about brainwashing us into false and harmful perceptions that benefit them and not us.

I have "mentors" in this new job that I took who make sure that they let everyone know they have military background, primarily the Army. The Army, DOD, CIA, and Masons are central in the targeting, programming, and criminal agenda that consumed my life three years ago. This is how brazen these dirtbags are. They think they can treat you and your family like their property.

Judeo-Masonic Illuminati militaristic psychopathy.

They take your life down and then box it in so that they can manage and handle all potential outcomes for you.

I liken it to a floating internal and external prison without walls. Which makes it much more insidious because it is highly deniable.

At this point, my life is on trial and anyone and everyone who takes part in these fascist criminal ventures is fair game for a massive lawsuit in the future.

All people who are targeted should treat their lives like a persistent and active investigation. At some point, these thugs will pay for what they have done.

The DHS thugs who torture and assault me with impunity attempt to ruin my employability and overall well-being by keeping me up all night with Directed Energy attacks. This is one of many blacklisting tactics used to make it impossible for a person to remain gainfully employed and is used on me with persistence.

As part of their behavioral conditioning, they will lay off for a while so that I am able to wake up early again and maintain steady work, but if i continue to proactively expose what they are doing (which will never stop), they come back again with severe DEW assaults that keep me up all night or nearly all night for several days in a row.

This has not stopped for three years.

The idea is to wrongfully and slanderously label someone over time as unemployable, irresponsible, unstable, and an "unworthy" member of society.

I call it deadbeat profiling and it's central to the cover-up of the horrific war crimes these government-trained psychos wage on US citizens. (Ironical that this "unworthy" member of society's son -- who is also targeted but covertly -- just aced his college entrance tests.)

Just like DHS Zionazi perps who target innocent civilians, the Zionist Jews and Masons are now looking to provoke the masses in the same way, namely conservative Christians so that they can then point the finger at their "extreme" behavior and declare Martial Law if civil outrage turns into civil unrest, which could lead to a modern-day revolutionary war.

This has been done before.

French and Bolshevik Revolutions are good examples. It's a precursor to totalitarianism and later Communism. The Nazi Germany timeline is also being recycled. The Illuminati tends to repeat itself when things work.

A form of Satanic mockery too. They like to make themselves feel smarter by getting the masses to bite the same bullet twice.

The targeting "community" is turning into a toxic wastedump where the same slander, provocation, and psychological warfare tactics used by perps are used among TIs, including high profile ones.

Some of this is tech-driven, other times it's agent-driven. Most of the time, I believe it's a combination of the two.

I believe the targeting going overt for so many people in the last few years was designed to move us toward exactly this outcome.

Where nothing is clearly delineated, everyone is divided and conquered, and all the people who are targeted start to behave in ways that the original government perpetrators (e.g. Masons, Zionists, Satanists, Luciferians) can then use to

profile as mentally unstable and even criminal.

These intel goons are specialists in setting long-form traps and deceptions, then watching people undo themselves in the process of telling the truth and fighting back.

We have shadow government handlers attempting to co-pilot this experience externally as controlled opposition and internally as MK-Ultra programmers.

I keep my distance because of this but will continue to build a legitimate case against these lowlifes while putting out what I consider truthful based on my experience, evidence, and research.

I believe that the brains of human beings on a neurologically-based internet use the same blueprint and infrastructure. It is likely that they have progressed alongside each other over many decades.

If they are able to monitor and manipulate billions of people's smartphones and devices remotely, then it shouldn't be out of the question for people that they are able to do the same thing with the human brain.

Open your minds to the level of deception in the world.

We are conditioned from birth to believe in lies so that by the time we are adults, we defend them like they are truths. And if we don't and we try to expose them, then we are castigated and shunned, which quickly shuts down most people.

The notion that Satan is their father, whether allegorical or actual, rings true when you see to what absurd lengths those who oversee this material world are willing to go to deceive and mock people.

Their achilles heel is this insatiable desire. A desire born out of a need to prop up the false belief that the masses are dumb and they are supreme.

Nothing could be further from the truth.

They are dimestore tricksters, frauds, and cons with lots of bells and whistles and stolen money at their disposal.

The smartest human beings on the planet can be fooled by an amateur magician. That doesn't make them dumb. Just fooled.

Imagine, though, that those in power use the same trickery and sleight of hand tactics but instead of telling you it's a trick, they tell you it's the truth and even get people to defend it to the death and viciously attack those who question it.

That is reality in a nutshell. And it's incredibly disturbing and a massive shock to the system. The world is a Masonic and Kabbalistic black magic act.

And Hollywood is one of their most powerful brainwashing and programming tools.

The Jewish and Masonic power structure that runs the film and media industry has very strong ties to the CIA. The CIA is the main driving force behind all the chaos and fakery in this world.

All of the innovations coming out of the film industry are being used on the world stage (and in politics). They are manufacturing reality. Earth is literally a film set to them. The idea is to blur the lines to such a degree that people can't distinguish between what's real and what's produced.

And we've been fooled for so long that those who do the fooling have absolutely no respect whatsoever for the people they deceive. They see us as naive children and human cattle.

If anyone reacts negatively to what I am writing, know that this is the kind of proof they look for. They are always gauging the successes of their deceptions.

CIA Director William Casey said, "We'll know our disinformation program is complete when everything the American

public believes is false"? We are there, and we need to break the spell.

Military capabilities are way beyond this but the media industry is signaling that what people have been talking about for a long time exists. In truth, the first microchip is on the books over a half century ago.

There may be no such thing as schizophrenia. If there is, it is extremely rare.

The real culprits are dark occultists, satanists, Luciferians, Masons, and the intelligence agencies and military factions that do their bidding. They are the primary sources of the insanity that is being waged on people around the world.

Couple that with the field of psychiatry that recklessly slaps debilitating labels onto people to silence or discredit them permanently and you see how evil these people really are.

Who were the ringleaders of MK-Ultra and the Mengele Nazi experiments on children? Psychiatrists.

They are one of the most harmful and evil aspects of these programming operations, and they cooperate and interface directly with the military.

This is Kabbalistic, ritualized propaganda by the numbers.

The Jewish and Masonic power structure cover up their nefarious NWO agendas and redirect the onus of criminality away from themselves and onto fake patsies and bogeymen in these ways.

And they code the events to signal to people in the know. This is a broken record repeat of Nazi Germany.

This stuff is not hard to figure out, unless of course you don't want to or you're a part of the NWO deceptions.

I said a while back Trump is being propped up as the clownish representation of the stereotyped alt-right conspiracy theorist and White Supremacist.

His agreed upon role is that of the fall guy, meant to discredit everyone who questions the gun-grabbing NWO narrative and the push toward global totalitarianism.

If you understand the way they predictively program the future, you can see that they are most likely going to stage a "tragedy" at the highest levels. Possibly some sort of assassination attempt. This will of course deeply polarize the nation, which is a typical Masonic Divide and Conquer technique.

On a personal level, the insane and criminal CIA and DHS have been targeting and profiling me in exactly this way for years, which is why I understand it so well and expose every single tactic they employ. They use media stories to send veiled threats of frame-up to people that

This program revolves around deniability and psychological provocation. Individually, these people look innocent. Collectively, they are engaging in MK-Ultra trauma-based psychological torture and provocation tactics, which are evil in how they attempt to set up and take down a human being.

The provocation tactics are 24/7 and follow the target wherever they go, very much like the Stasi's Zersetzung operations. They are taught and trained by the DHS, Infraguard, and Freemasonic Police.

They are psychological terrorists who pretend to be every day normal citizenry doing every day things.

It should be said that technology can mirror the same behavior in unwitting strangers, friends, and family, which is why it's not a good idea to directly accuse people without solid proof.

The people who stage reality love the fact that people still buy into such ridiculousness. This could be the dumbest thing I have ever seen in my life.

That little piece of junk pops off of a pad just like that and travels perfectly a quarter of a million miles? And what are all those fake colored sparks? Looks like circa 70s post-production special effects.

And they say the lunar rover took this footage. Did it zoom out on its own too? And then the footage was beamed back to earth 238000 miles through space a half century ago?

This country has been under mass mind control for decades, debuting with MK-Ultra and the 50s TV generation.

I think real TIs are going to be portrayed as fake by fake (or compromised) TIs who are nothing more than government-sponsored controlled opposition.

To make things worse, the technology that is being used on us all makes it extremely difficult sometimes to distinguish the witting from the unwitting and often moves people toward false conclusions and accusations.

Still, there are many who are aware of what they are doing and willfully so. It is similar to what many believe happened in the Salem Witch Trials where the Satanists put innocent people on trial and to death to cover for their own evil deeds.

These are the same tactics used by obvious DHS and intel perpetrators who slander targets and criminally portray us as all kinds of things that we are not in the communities in which we live.

Historically, this seems to be standard practice by these two-faced snakes and this time around, I happen to be in the crosshairs of their machinations so I have experienced it firsthand.

Their deceptions are layered and rotten to the core.

I suggest that we arm ourselves with as much compelling proof and evidence of our experiences as possible.

=====

Social media is a major component of modern day MK-Ultra programming and is managed by intel, the military, and their operatives. All of the psychological warfare tactics perps use in our local environments are mirrored online in places such as Facebook and Twitter.

This is part of why I was encouraged back on Facebook and into an activist role after my original account got hacked and taken down in the summer of 2015.

I was being fast-tracked by intel handlers because I had a programmed agenda attached to me, like many highly visible TIs do. And social media is used to send various types of covert signals and triggers to a person who has this type of programming in them.

Many TIs have intentionally been propped up and brought together by handlers because of this and they are attempting to move us into preplanned outcomes that benefit their Luciferian and Masonic NWO agenda.

It's a massive and criminal trauma-based and agenda-driven MK-Ultra Monarch operation and it's being run by governments all around the world who are in bed with each other and who are all owned by the most powerful Satanic bloodline families on the planet.

I have been physically and neurologically tortured and severely sleep-deprived with Directed Energy attacks every day and night for three and a half years now since realizing I was targeted.

I have been in a trauma-based MK-Ultra Monarch program since birth. This kind of persistent trauma and torture destroys a human being's life.

These CIA and DHS Zionazi thugs deserve the death penalty for war crimes, crimes against humanity, and treason.

They are the lowest form of scum imaginable and they are being protected not prosecuted by the criminals running this world. That should disturb everyone.

May they all burn in hell for the millions around the world they continue to harm.

The world is a pyramid scheme.

Owned and operated by snake-oil salesman.

The psycho handlers and agents behind these programs have used these techniques on me many times. They can also covertly influence a person to behave in similar ways without knowing they are doing so.

The mimicry and behavioral reflections that a lot of targets experience comes from the same toxic CIA cesspool of trauma-based mind control and hypnotic programming.

Because I continue to be semi-blacklisted and my life heavily manipulated, I am forced to be creative about ways of generating income. In the process, I get background checks run on me sometimes.

This one is interesting because I got a copy of the results, which mention a "Global Watchlist" search which I didn't know was a part of these checks.

This proves that at least officially I am not on a terrorist watchlist or flagged in any other way and yet I am still being terrorized, tortured, profiled and persecuted like a criminal.

Makes these Stasi DHS informants and perps even shadier in how they slanderously frame and defame people in their neighborhoods and communities, among friends and family, and with absolutely zero evidence or precedent.

This was most likely written by a CIA asset.

Zero Hedge, despite sometimes putting out information that typical sites don't touch, is still gatekeeping propaganda. They all are. Nothing but variations on the lie.

Not only did these programs never end, they are now using the same programming techniques on children and adults remotely around the world.

Victims from fifty years ago need to stop asking for apologies from the government and instead compare evidence with present victims in order to expose these bastards in ways they can't control so we can remove them power for good.

Masonic fakery...world of lies.

Moon rock given by Armstrong and Aldrin turns out to be petrified wood. Why isn't this kind of news making headlines around the world?

Because they same people who faked the moon landing control the media.

CIA, Masonic, Illuminati scriptwriters making fakery to steal from people, calling it necessary taxation, then turn around and create more fakery to do it all over again.

It's a circular profit model born out of a heap of lies that never stops growing.

Controlled opposition is just as criminal as a straight-up enemy, especially when engaging in trauma-based Monarch Programming tactics on a human being.

I find it to be a shadier sort and the targeting "community" is saturated with such deceptive people.

I was surrounded by high-profile TIs, many of whom I find highly suspect now, especially because they seemed to be fast-tracking me into agenda-driven and MK-Ultra programmed outcomes. They used all kinds of triggers, covert signaling, veiled threats, directed conversation, and basic psych warfare on many occasions, all of which I documented.

The patterns don't lie, but I don't accuse anyone of anything I can't prove. And in the murky world of covert intel in which I was thrust headfirst, proof is intentionally hard to come by.

Still, these people will be exposed.

No doubt about that.

Until then, if you're targeted, trust only yourself and question everyone.

Conspiracy and "truther" circles are run by handlers and filled with people under mind control.

=====

This is incredible because the entire government is predicated upon lies and engages in similar short-form and long-form scams all the time.

It's part of their circular profit model. They stage events and then turn around and set up fundraisers, charities, and other profitable ventures in the name of the fake victims.

Manufactured (and entirely unnecessary) wars follow a similar approach. Exact same M.O.

World is an around-the-clock Illuminati and Masonic scam.

These same dirty criminal Masonic CIA and Police types have been trying to set me up, frame me, entrap me, and scam me for over three years now.

Many people in the targeting circles that you think are legit are frauds and cons just like these people. You don't have to be homeless to take part in the same kinds of scams. The richest men in the world are nothing but glorified con artists.
