Controlled Opposition is opposition that is cooperative with oppressive evil.

It is an insidious practice.

When the world at large ignores a stunningly evil and genocidal torture and mind control program, you know we are a bankrupt, brainwashed, and fear-ridden society.

By Robert Duncan, A.B., S.M., M.B.A., Ph.D. "Project Soul Catcher":

Summary of no-touch torture techniques:

Numerated Torture Methods for

Interrogation and Behavior Modification

(A comparison between physical and no-touch torture tactics)

1. Induction of Depressive/Manic states

The idea is to shake up the emotional states of the target because different information can be accessed at each state. Making the target feel despair and helplessness is the objective. This cycle of hope building and then breaking is done in many ways. The techniques between the physical methods and the no-touch technological methods are similar. Speech is very important during this process of emotional manipulation. Such examples are, "We have imprisoned you without due processes or hope of it. You are indefinitely detained." Hope building examples include, "Sorry. We have mistaken you for someone else. You will be compensated for false imprisonment and torture." The main difference between the cybernetic technology and physical is that emotional state clusters can be entrained into the target mind which speeds up the process. The communication is done differently but perceived as human speech. In the no-touch torture methods it is helpful if the target is labeled with mental illness that is being created for discrediting purposes so as not to draw human rights groups' attention.

2. Memory Erasure

The military and CIA have been researching memory erasing drugs for half a century. The focus of this summary report is on interrogation. Memory erasure is an important technique during interrogation. It is used in combination with sleep deprivation. There are many drugs that have been developed for physical memory erasure. One such interrogation method requires acquiring information from the target while on these drugs and recording the subject. After a sleeping cycle, the interrogator claims that the target has confessed. Of course the target remembers nothing of their conversation. The interrogator will play samples of the subject's conversation back to them making the subject believe that the interrogator knows more than they do. Similar techniques are used in the wireless, no-touch torture and interrogation programs. The cybernetic methods of memory erasure have additional purposes. The memory erasure can be used on the cybernetic target to make the target believe people have broken in and moved their belongings. While physical black bag jobs do occur, it is a way to make the target more paranoid.

3. Electricity and Shocks

Pain and fear of death are common tactics during interrogation. Shocking by electricity is a traditional method of torture and exposed in the CIA's secret prisons. Shocking the testicles and nipples are the most common due to their sensitivity. Interestingly, the thousand of interviews of no-touch torture involves "stings" and "shocks" to various parts of their bodies over long durations.

4. Fear and Terror

There are many techniques to induce extreme fear in the target. In physical renditions dogs, power drills, guns, insects, mutilation, blow torches, water boarding, suffocation, mock burials, and mock executions are just a few the United States government have used. Remember that many targets of torture die from the physical effects. It is torture to death.

Let us compare the no-touch torture methods used to inflict the same terror and mental anguish. In several of these techniques the target needs to hear their handler's voice. This report does not describe the technologies used to broadcast voices to the target at a distance. While the subject can be broadcast mental images to their mind using hypnosis and other suggestions as well as visual entrainments, the more invasive controls of the brain manipulation technologies can be used to entrained the brain's autonomic nervous systems such as not breathing causing the target to not be able to sleep from fear of suffocation equivalent to water boarding. The neural linguistic programming can add fears such as heart attack, stroke, and cancer threats. Even motor cortex mapping can cause twitches in any part of the body. One example used a swift neck movement with a voice transmission, "We are trying to break your neck." Directed energy effects such as Active Denial System can make the target feel that they are on fire indefinitely without the target dying from burns. Maximum pain and torture weapons have been evolving. Every drug effect can be artificially induced into the target mind including those of poisons.

5. Imprisonment and Isolation

Isolation is commonly used as punishment in prisons. Many whistleblowers like Bradley Manning suffer this condition. In soft interrogation it is used to get the target to talk to their interrogator since humans have the need for companionship. In no-touch torture the target is driven from their friends and family using different techniques in order to isolate them so that the electronic mind control has more effect on their psyche. Like in Guantanamo, the target becomes isolated losing their job and medical care. Part of the method involves slander in their community. They end up on the most part in poverty and paranoid about doctors and other people from false correlations that are purposefully induced into their lives. Isolation is also a form of sensory deprivation which will be discussed later. Days and weeks lose their meaning.

6. Sexually Disturbing Tailored Pornography

The Summary of the Senate Torture Report disclosed the disgusting revelations that in the secret torture prisons the targets were forced to perform homosexual acts on each other against their will and religion in order not to be beaten or killed. This is a common break down tactic of belief systems and the human will. In no-touch torture the techniques are more psychologically specialized for each target. Most common examples include homosexual targets that are forced with voices that are derogatory to their lifestyle and similar mental images. Almost all targets are forced to view child pornography in their minds. And vice versa is true, that heterosexual targets are forced to view homosexual sexual acts like in the secret U.S. torture prisons.

7. Mutilation

Also mentioned in the declassified report on torture was mutilation of the human. Cutting the naked target's penis and scrotum, pulling nails or teeth is common. In no-touch torture mutilation is done by trickery. Let us look at a couple examples. There have been several targets who believed that the microwave hearing effect and other voice induction methods were done by microchips implanted in their teeth or ears. They had all their teeth pulled because they believed it was a technology called bone conductance. Others have poked out their ear drums in the belief they had micro implants in their ears. There are many more examples of trickery used to make the targets mutilate themselves.

8. Personal and Spiritual Defamation

In physical torture the CIA and other groups use propaganda and defamation of character for those they oppose. For detainees they try to disenfranchise the target from their religion. They will defecate on their Bible or Koran for example. They might say, "Why is your God not saving you?" In no touch torture and behavior modification they might try to make an atheist believe in god. It is just a mechanism to alter belief systems for control and experimentation. Perhaps the target may wish to confess their secrets

to a "voice of god weapon". Information warfare covers the gamut of electronic communication as well. The government training exercise uses language like "befriend", "infiltrate", "mask/mimic", "ruse", "set-up", "disrupt", "create cognitive stress", "use deception", "ruin business relationships", and "post negative information on appropriate forums" - in a malicious effort to target bloggers, activists, journalists, social event organizers and anyone else deemed to be a 'emerging leader' or voice in the public sphere.

9. Psychological Intimidation

This is a topic for a target at the beginning of the trials and programs. Physical break-ins are common even if the target has an alarm system. The NSA has used stalking of foreign officials in the past for economic gain. The FBI does black bag jobs to invade a home without a warrant. The point is to let the target know they are being watched and to increase their paranoia. The NSA easily hacks all computer systems and causes harm to the victim's intellectual property and their relationships from that endpoint. In the no touch torture false correlations between pain and a neighbor coming home can be induced.

10. Rape

Rape is a common practice in torture. It causes much psychological trauma. In the United States methods of rape in their military and CIA secret prisons it is often relabeled. It is commonly done by prods but "rectal rehydration" is the more common misnomer. Often they call it forced feeding through the rectum but it is meant to induce psychological scaring and trauma. Several have died from the technique due to rectal bleeding. In no-touch torture the psychological trauma of simulated rape takes on different forms. Using technique often called EEG-heterodyning the targets will receive molestation effects of their genitals. In men this can be the anus and genitals. Similarly women can be wirelessly raped by the analogous function of perception.

11. Dietary Manipulation, Forced Weakness and Sickness

The idea behind dietary manipulation is to weaken the target. This is easily done in a physical setting but in no-touch the hunger trigger needs to be suppressed. Sometimes a false correlation between eating food and sickness is induced to make the target believe they are being poisoned. However, poisoning is common in physical renditions too.

12. Repetition

Verbal breakdown is most important during interrogations and torture. Obviously speaking the language of the target is necessary. This is why there are interrogators in all languages. Repetition is an important neural linguistic programming interrogation tactic to influence the target mind. During the breakdown process, threats to kill and to torture the target's family or friends are common. Repetitious questioning and breakdown phrases are automated in both the physical and no-touch versions of torture. An interesting technology that is used for no-touch torture is called chatter bots. Chatter bots, an artificial intelligence program, automate much of the repetition so that the interrogators don't drive themselves crazy during the neural linguistic torture and programming phases. Let us not forget the Chinese Water Torture, a single drop of water on the forehead of the detainee for months. Repetition is a form of torture.

13. Sensitization of Pain Impulses

While the reverse can be obtained, optimizing perceived pain and misery is the objective in torture. Each trauma adds to the overall misery throughout life. Optimization of pain has been studied by the military and intelligence agencies. In the past the CIA has used drugs such as LSD to enhance fear and terror in the subject. Other methods such as hypnosis can increase perceived pain and the power of suggestion such as telling the subject his pinky finger is going to be cut off before it is done. In no-touch torture the same psychological manipulations are exerted. Subliminal and overt suggested are often told to the subject before the directed energy or EEG heterodyning pain inductions in order to maximize their effectiveness.

14. Sensory Overload and Deprivation

Again, this technique of overloading or depriving the human of sensory stimulus is ubiquitous in torture around the world not just in U.S. secret prisons. Torture subjects in the United States have reported the use of repetitive bad music and noise campaigns. An unusual torture technique used in the U.S. secret prisons was of a use of a plastic suit filled with ice while they beat the target. Ultra bright lights for days on end in the prison and hot/cold temperature changes in the environment are frequent. In no-touch torture,

the target's brain is forced to release dopamine which causes pupil dilatation. This acts as a sensory overload. For example the non-lethal microwave weapons research done by a professor in University of Nevada has shown this capability. Body metabolism can be altered with these weapons causing cold and hot flashes. Targets of no-touch torture often hear endless tinnitus.

15. Sexual Humiliation and Lack of Privacy

Often used in common prisons is a lack of privacy. It is both necessity for security and a form of sexual humiliation. Also in prison many people are raped. No-touch torture offers the same sexual humiliation and lack of privacy by using through wall radar, cameras, and EEG visual cloning to let the target know they are being watched. Degrading comments are often used on the no-touch torture subjects while they are naked or in the bathroom.

16. Maximum Sensory Pain Techniques

Basic torture involves brutalization, i.e. physical strikes, kicks in the groin, pepper spray or tear gas, etc. Anything that involves maximum pain is the objective. Amazingly, these same basic tortures can be done wirelessly into the human mind. All forms of sickness have been reported without any real illness behind the suffering. All suffering can be entrained into the minds of no-touch torture subjects.

17. Sleep Deprivation

This is the number one torture method along with the popularity in the press of water boarding. This is done in every country that uses torture. The United States is number one in torture since they are currently the world's only superpower. A repetitive sleep deprivation cycle is generally done 180 hrs/7.5 days at a time in the physical renditions, or in no-touch torture five days awake and two days of sleep. Sleep deprivation accomplishes the objective of memory loss during interrogation and induces hallucinations which help with the interrogation process. In behavior modification and programming it is necessary too.

18. Stress Positions

Keeping detainees handcuffed above their head and to walls so that they must stand for days is a common ploy in torture. These types of poses are called stress positions. They can be mimicked in no-touch torture. An example of one such trick requires the target to believe they can deflect radar energy using pots or pans and that it is directional. The target is being given an ample amount of pain until their hands and arms are spread apart holding the pans trying to block the signals. They must maintain that position in order to get any relief from the torture signals. However the stress position itself is physical torture. Often accompanying this technique are voices saying to the target, "You are doing it to yourself."

The ZioNazi, Satanic, Masonic criminal scum that run these programs have turned people's homes and neighborhoods, into Guantanamo-style, Invisible, and deniable torture chambers.

They then take the same, exact model and apply it internally to our brains.

This is serious stuff and growing in scope. Massive war crimes. Extreme sadism.

I have experienced it all.

"You Gentiles" by Maurice Samuel.

Written in 1924, this shocking classic work of Jewish Supremacism maps out what the avowedly Zionist author saw as the cause of anti-Semitism through the ages: an irreconcilable difference between Jews and all Gentiles, but Europeans in particular. This difference, Samuel argued, was inherent and biological in origin.

The author argues that the real point of difference between Jew and Gentile is that the Gentiles follow what he calls the base "triviality" of Gentiles versus the God-like "seriousness" of Jews.

This huge psychological difference, Samuel says, is the reason why Jews regard "playful" Gentiles as backward and silly, and why Gentiles will never be able to penetrate the Jewish perception of the world.

The book goes on to discuss the main points of difference in behavior between Jews and Gentiles focusing on physical activity, religion, concepts of good and evil, loyalty, science, fair play, and discipline. Maurice spells out why Jews have different attitudes to all these moral and philosophical issues—and why these values are the opposite of those endorsed by Gentiles.

Samuel then says that these inherent and unchangeable differences will always make the Jews out to be "destroyers" and the "subverters" of European culture and society.

Finally, he discusses the dangers presented to Jews by intermarriage with Gentiles, and concludes by saying that there will never be peace between Jew and Gentile until the last European state has "lost its racial homogeneity."

This edition contains the entire original 1924 text. It has been completely reset and annotated with more than 40 footnotes for the modern reader.

"I do not believe that this primal difference between gentile and Jew is reconcilable. There will be irritation between us as long as we are in intimate contact. For nature and constitution and vision divide us from all of you forever...

"This distinction between us again points to the root difference between us—your triviality and our seriousness.

"I have no doubt that when Germany and England and America will long have lost their present identity or name or purpose, we shall still be strong in ours.

"Repudiation of the Jewish religion or even of Jewish racial affiliation does not alter the Jew. We joined your armies and fought in them beyond our numbers: yet Jewish pacifism and Jewish pacifists gave the tone to the world's pacifism.

"We have joined your capitalistic world in deliberate emulation and rivalry: yet Jewish socialism and Jewish socialists are the banner bearers of the world's "armies of liberation."

"But you feel our disruptive difference most keenly, most resentfully, in our deliberate efforts to change your social system. Seen in the dazzling lights of your desires and needs our ideal is repellantly morose.

"Because your chief institution is the social structure itself, it is in this that we are most manifestly destroyers. We Jews, we, the destroyers, will remain the destroyers for ever. Nothing that you will do will meet our needs and demands.

"We will for ever destroy because we need a world of our own, a God-world, which it is not in your nature to build.

"If, then, the struggle between us is ever to be lifted beyond the physical, your democracies will have to alter their demands for racial, spiritual and cultural homogeneity within the State."

About the author:

Maurice Samuel (1895–1972) was a Romanian-born Jewish writer, who focused on Judaism or the Jewish role in history and society. A leading member of the Zionist Organization of America, he was widely celebrated in Jewish circles, and won many awards, including the Anisfield-Wolf Award, 1943, the award of The Saturday Review of Literature, 1944; the Stephen S. Wise Award, 1956; and the 1967 B'nai B'rith Jewish Heritage Award. In 1964 Brandeis University awarded him an honorary degree. In 1972 he was posthumously awarded the Manger Prize for Yiddish Literature, for which he had been nominated by Israeli President.

Intelligence and Military Intelligence and the most powerful secret societies behind them have turned the planet into a sophisticated simulation and control grid with predictive capability. Their goal has always been to enslave ALL life -- both internally and externally -- on a macro level, a micro level, and everything in between. The masses of this world, to them, are on this earth to serve them and nothing more.

The military and Freemasonry — which at the higher levels are one and the same — are ideologically aligned with the Judaic and Masonic Illuminati and their deranged perspective of humanity. They operate in a hierarchy where those below never question those above. It's set up in that way to provide built-in protection for their depravity and criminal ways and to keep the truly good and humane from ever rising to the top.

Evil to these people is a valued commodity and one of their most often used tools of control. They have successfully turned the world into a persistent fear-based and trauma-based experience that is designed to intimidate and degrade the individual and one's natural and free existence.

Even the toughest rarely go up against them because of their overwhelming material power coupled with centuries of psychological conditioning to instill the false belief that we are incapable of doing anything that will legitimately affect change.

The "revolts" or "rebellions" that do form are rarely if ever organic. They are managed by the same power and crafted with predetermined outcomes that benefit them and no one else.

This further adds to the deflation of the human spirit, which is the point. They want the world to hit rock bottom. The propagandized, MK-Ultra media is used to drill these ideas deep into one's psyche.

They are dark psychologists and sadists who have refined techniques of deception and domination over thousands of years.

They view the world through a cold and calculated lens, where the means justifies the end, regardless of how inhumane and malevolent. Life, to them, is expendable. The group, the collective, takes precedence. Always.

These tyrants have exacted near incalculable amounts of pain and suffering on this planet, all the while spewing out propaganda and lies that cover up and deny this dark truth.

It's a Satanic and destructive power structure hellbent on preserving its own and destroying everyone else in the process, particularly those it deems most threatening to its everlasting dominion.

For those who do see beyond the deceptions, the outlook is meant to look grim. Evil always heightens and magnifies itself, which in actuality belies its true weakness.

In the end, they will fall.

I have militant, gay, transexual, Masonic, sodomite programmers and handlers who throw innuendo at me all the time that they intend to hypersexualize, homosexualize, bisexualize, and transexualize ALL youth, including my sons, by using technology, programming, and cultural brainwashing. These psychopaths are manipulating genetics, hormones, and brains from birth as a rule.

You think I am making this up? Look around you.

I don't judge people for their sexual orientation. I have had a number of gay friends and a cousin who died of AIDS. But I have had such heavy-handed, suggestive, invasive, and offensive innuendo around me since this targeting went overt and toward my children no less.

You people are playing with fire when you mess with someone's children.

Anyone who thinks I am going to let sociopolitical bullying and psychological warfare censor my exposure of the dark nature behind this NWO totalitarianism assault on society and my family should think again.

These criminals use homosexuality and transexuality to destroy the natural, procreative family and to confuse children who otherwise would never think about such things. We don't need to teach little kids about ANY sexuality when they are young, let alone gender identity or "fluidity." They will naturally figure it out and ask questions when they are ready. To push the issue is selfish and abusive, not to mention criminal when technology is used to change the genetic and behavioral makeup of a child with the singular intent of fulfilling their nefarious, satanic agenda.

The same Masonic power that is pushing these movements was on me as a child and they are on my sons as well.

They are perverted, depraved, pedophilic, sick and twisted madmen who corrupt the innocence of youth and drive society toward the most depraved expressions of itself.

Watch "Being John Malkovich."

That film is all about handlers remotely controlling a human being.

This sub-program of Citizen Corps I believe is a central component of the American Stasi gangstalking program.

<https://www.theiacp.org/.../a/AlternativeCitizenPatrol.pdf>

Conditioning society since the 60s into becoming a snitch culture.

These programs are always portrayed as community-friendly and they are the opposite of that. These people operate like a secret police and they collectively profile and slander people in criminal fashion.

The Targeting Program is a Government-Sanctioned Satanic Ritual Abuse, Torture, and Trauma program and anyone cooperating with it in any way is aiding and abetting sadistic Torturers and War Criminals.

The psychopaths behind these programs have taken every component of physical proximity torture and create a remote, electromagnetic, "no-touch" torture equivalent:

ACTS OF TORTURE: RITUAL ABUSE-TORTURE

Jeanne Sarson, RN, BScN, MEd & Linda MacDonald, RN, BN, MEd

https://www.researchgate.net/.../266494860_ACTS_OF...

Some excerpts:

"Acts of torture by non-state actors, likewise acts of state-sanctioned torture, has the pervasive capacity to destructively humiliate and destroy all aspects of the victimized person's sense of humanness and wholeness. Torture victimization can distort one's sense of knowing one is a person. It can destroy one's personality, dignity, Self-worth, Self-confidence, and free will. Spirituality and sexuality and one's abilities to experience joy and beauty, to know success, to think freely, to function socially, and feel and/or be safe and secure can be altered, distorted, and severely compromised."

To help us understand the co-culture of ritual abuse-torture families/groups we organized the perpetrator's acts of torture—their victim's ordeals—into three main categories: (1) physical tortures, (2) sexualized tortures, and (3) mind-spirit tortures. In each category are sub-categories with examples that describe some of the torture ordeals the women in our kitchen table participatory research project described as being inflicted unto them—mainly during childhood, but not exclusively—by perpetrators—the non-state actors—within the ritual abuse-torture family/group.

1. PHYSICAL TORTURES inflicted unto victims: a. Physical tortures that cause extreme and excruciating pain include prolonged and severe beatings; poking and pinching tortures; being dragged or lifted up by one's hair; being hung by one's legs or arms; having irritants like pepper blown into one's eyes; being forced to remain in abnormal positions for prolonged periods of time while being kicked, hit, ridiculed, and laughed at; being scratched, marked, and threatened with a knife or other sharp objects; burnt with cigarettes, hot light bulbs, and lit candles; having body limbs twisted/bent into abnormal and painful positions; exposed to cold and/or heat tortures by being placed in a freezer for terrifying periods of time or being tied out in the hot sun for extended periods—sunburned; and, experiencing "falanga" which is beatings to the soles of the victimized person's feet that causes severe and lingering pain which radiates up the legs into the knees, hips, and back making walking difficult and painful¹⁵. b. Physical tortures that cause extreme exhaustion occur with food and water deprivations; being kept awake all night; not allowed to sleep in a bed or have bedding for warmth; being placed in a room alone and bombarded with repetitive messages and/or glaring lights; subjected to prolonged and severe isolation, total silence, prolonged darkness, and/or confined spaces; tied down; forced to go to school or to work during the daytime then, after hours, forced into slavery, such as cleaning the tub with a toothbrush for hours, and/or being "rented" out at night—trafficked into the "sex" trade. c. Physical tortures that can cause permanent disability, permanent loss, and/or disfigurement can happen when both ears of a victimized person are beaten at the same time, this causes severe pain and possible permanent hearing loss (telefono);¹⁶ the twisting, pulling, or breaking of bones that can result in disability and/or disfigurement; forced pregnancy with forced abortions; and/or the irreparable damage to a victimized child/woman's uterus that requires gynecological surgery, for instance, a hysterectomy. d. Physical tortures that cause fear and terror of immediate death such as electrical shock torture; suffocation to near death tortures; being choked to unconsciousness; threatened with drowning by having one's face held under water or being submerged under water—in torture language this is called "submarino"¹⁷; use of guns for Russian roulette "game"; having a gun placed in one's mouth, vagina, and/or anus and hearing the clicking sound when the trigger is pulled; having a plastic bag placed over one's head and tied around one's neck—torture language refers to having a dark bag or cloth tied over one head as "hooding"¹⁸; as a child being told to run out into the traffic (if injury happens it will be called an accident); and/or being forced to inflict cruelty/killing of animals with the threat from the perpetrator that this could happen to you—the victim.
2. SEXUALIZED TORTURES inflicted unto victims: a. Rapes inflicted during violent family/group "ritual and ceremonial" gatherings, rapes by siblings, and rapes by the same gender which, for some victimized persons, can be experienced as being more victimizing and traumatizing; rapes inflicted when perpetrators force child victims to participate in child-child sexualized atrocities for the entertainment and pleasures of the adult perpetrators; and/or the forced exposure to and/or the forced participation of victims in the sexualized group torture of animals and/or persons. b. Using objects such as a gun, knife, broom or mop handle, tree branches, toys, plastic markers, and kitchen items such as a spoon or fork as tools of torture to forcibly penetrate the victimized person's body. c. Using animals and fake and/or real insects, reptiles such as snakes and bugs to terrorize victims by placing these on/in the victim's body; forced bestiality¹⁹ with trained or "pet" dogs; the use of house, farm, and circus animals for pedophilic and/or adult pornography; and the killing of pets and other animals to be used in ritualized sexualized "ceremonial" practices; and the forced exposure to and/or forced participation in the sexualized torture of others. d. Using body fluids as instruments of torture by forcing the victimized person to suck, eat, or drink animal and/or human vaginal fluid, sperm, blood, urine, feces; and/or forcing victimized persons to smear or be smeared with urine, blood, or feces; or be smeared with soiled kitty litter. e. Sexualized enslavement and trafficking of victimized persons into the pedophilic/adult "sex" trade of prostitution and pornography by being rented/sold into sexualized slavery by family/group when an infant, toddler, child, youth, and as a captive adult; forced nakedness; forced involvement in pornographic skits, movies, snuff movies, and/or pornographic pictures; and threatened that pornographic materials will be used to expose and discredit the victim if they ever try to tell. f. Exposed to and forced participation in sexualized torture ritualisms by being

forced to take, to use, to sniff, and/or be injected with mind-altering drugs—alcohol, pills, “sugar” (cocaine), intramuscular and/or intravenous injections; subjected to painful cleansing ritualisms during which the victimized child’s entire body, skin, and all body orifices were scrubbed with stiff brushes and irritating solutions; in a violent family/group gathering the victimized child is given an enema then forced to smear feces over another child-victim’s body; be urinated on during violent family/group gatherings; enforced cannibalistic practices—for example, the victimized person’s vagina is cut, blood is mixed with alcohol, then the victimized person is forced to drink the mixture and/or is forced to engage in Self-cutting then to suck their own blood. g. Necrophilic tortures to heighten “dead-like” necrophilic sexualized pleasures by choking victims to a state of unconsciousness, or over-drugging to cause temporary paralysis so victim remains motionless during sexualized tortures; forced contact with perceived/real dead animal and/or human bodies; forced killing of an animal or forced involvement in what the victimized person believes to be real, not sham, killings and the eating of animal, fetal, or human flesh.

3. MIND-SPIRIT TORTURES inflicted unto victims:

a. Insider schooling/training depends on the idiosyncrasies of the ritual abuse-torture family/group. It can involve active indoctrination of the children with organized teaching and training sessions about issues such the family/group’s superiority; about the dangers and inferiority of outsiders; about how to act and be perfect during the violent family/group ritualisms; about the use of insider language, symbols, chants, and songs; creating controlling belief systems such as one about the all-knowing powers that relate to a satanic or luciferian-based theme. A child might be taught to know their role as “the chosen one” or “satan’s child”, be expected to know and respect roles of others within the family/group, for instance knowing and respecting the person who is satan, or the high priest, or high priestess; the trainer, re-programmer, controller, terminator, enforcer, guard, server (sets up the altar), sitters or servants who act as “babysitters” to control a child or a captive adult, or the older women who carry out tasks directed to them by the men of the family. Indoctrination serves to enforce the normalization of all forms of torture and reinforces the family/group goal of perpetuating the cycle of the RAT family/group co-culture.

b. Programming tortures such as hypnosis and post hypnotic suggestion,²⁰ mind-control conditioning,²¹ and mind-altering drugging²² given as early as infancy in a baby bottle, are all tactics used to distort a victimized person’s cognitive, emotional, psychological, behavioural, aesthetic, and spiritual growth and development, to render them powerless, as well as disorientating their world-view. All these processes can combine to form a state of “mental enslavement”²³—of just doing, of feeling and being robot-like (robotization).²⁴ For instance, “Questioning wasn’t allowed, you just did as you were told—you obeyed, you were loyal, and you were taught to do everything for the family/group,” was a common repetitive theme voiced by participants in our kitchen table participatory research project. As was the verbalization, “I felt like the walking dead, a zombie.”

c. De-spiritualization and de-humanization tortures attempt to destroy the personhood and will of infants, toddlers, children, youth, and captive enslaved women by using humiliation and degradation tortures; by treating the victimized person as a discardable object, a thing, or an “it” (objectification); and/or treating them like an animal distorting their beliefs and perceptions to the point the victimized person may believe they are an animal or that they will have animal babies (animalization);²⁵ by forcing the victimized person to witness and/or be exposed to the degradation tortures of others; by their forced exposure to and/or involvement in sham and/or actual torture/killing ritualisms of fetuses, children, and/or adults, and/or the forced cruelty/killing of animals. These family/group tortures inflict chaotic over-whelming “crazy-making” ordeals that terrorize, horrify, and robotize. These ordeals are commonly reinforced with isolation and deprivation tortures and cruel inhumane experimentation tortures. By inflicting brutal and painful tortures in combination with mind-spirit tortures, perpetrators can shatter the infant’s, the toddler’s, the child’s, the youth’s, or the captive enslaved adult’s wholistic²⁶ relationship with/to Self. To survive the victimized person copes by developing creative and complex disassociative responses.

d. Growth and developmental distortions is a technique used by perpetrators to cause chaos, confusion, and enslavement in their child victims. For example, a RAT torturer who teaches a child to believe that at age seven they become an adult distorts the child’s relationship with/to them-Self in that they do not perceive them-Self as a child. Enforcing such a distorted belief system facilitates the pedophile’s sexualized torture of the child via the rationale, “I have to teach you now, before you become an adult, so you’ll know what to do when you’re a woman at age seven.” It also pulls the victimized child into the perpetrator’s normalization of pedophilic violence thereby manipulating the child victim into believing the sexualized torture pain and suffering represents “normal” relationship activities. As Sara stated, “for 40 years I believed I was an adult at seven, to realize that I was just a little child when they tortured me is a shocking and painful reality.” Sara’s statement not only reflects her physical and sexualized tortures, it highlights the RAT perpetrator’s torture of her mind and her spirit.

e. Suicidality is a tactic RAT perpetrators teach to their child victim in an effort to secure the child victim's silence of never telling. Teachings fall under the guise that suicide—Self-sacrifice—is the ultimate gift the child can give to the family—to satan—because Self-sacrifice is an honour, a virtue, a way to peace, and a way to prevent from becoming a traitor to the RAT family/group. Should the victimized child or adult ever try to tell or “be tricked” into telling by an outsider the risks for suicide attempts are extremely high because of this prior suicide conditioned-programming. Conditioned-programming tactics normalize suicide as a way of coping. Additionally, the risks for suicidality increases if the victimized person experiences re-victimization. When speaking with several participants about their primary re-victimization ordeals one participant stated she had been tricked into visiting a minister and his wife and when she arrived experienced an “healing” exorcism which left her so traumatized she attempted suicide. Another woman stated she had suffered sexualized torture²⁷ inflicted by healthcare professionals that had used the knowledge of her RAT family/group programming vulnerability, for instance the woman reported that one therapist had counselled her on various ways to commit suicide.²⁸ The therapists had explained how, if she slit her wrists in the bathtub “all the pain will drain out and run down the tub drain”. She also reported the “professionals” had taken her driving in her car “to practice” how she was to drive her car over the bank and into the water so “she would have peace”, and that they had reinforced her conditioned suicidality programming by detailing how she was to jump off one of the Halifax bridges and into the water “wearing a white nightgown”. A Halifax bridge, the Macdonald Bridge, has been identified as a site frequently used by some persons who commit suicide.²⁹

f. Evilism tactics use the vulnerability of a child's innocence. RAT torturers entrap their child victim by manipulating this innocence—they can trick the child into believing that they have monsters or demons within and/or they will turn evil if they ever tell on the family/group, for example. This mind-spirit torture tactic makes the child fearful of them-Self, reinforces dissociative responses from their own body, entraps the child victim to bond solely with the family/group, and to believe without question the teachings of the family/group.

g. State of captivity torture is nourished within the infants, toddlers, children, youth, and captive enslaved women of the RAT family/group. Perpetrators draw on the attachment needs of infants/children—needs for connection with their prime caregivers, “the family”. This attachment is full of incongruencies—life-threatening torture ordeals interspersed with moments of abusive “kindness”. Starving for connection the child becomes a captive victim. There is no escape. They need love, caring, and approval to survive. They must adapt to the family environment for the family/group enforces isolation from “outsiders” which forces the child victim to further bond to their torturers. In the child victim's efforts for love and approval, to receive some kindness and recognition, to nourish their Self-esteem, they may try to do whatever is asked of them. If they do their best, if they “do perfect”, during the violent sexualized family/group ritualisms—“rituals and ceremonies”—or “do good” when they are “rented out” during their pedophilic exploitation, they might win snippets of approval from their torturers—their prime caregivers. Starving for love and approval and the need to survive, attachment bonding becomes mixed with Stockholm syndrome bonding³⁰. The evil-based RAT pedophile/family/group, if successful, has achieved a bonding relationship with the victimized child, trained “the perfect victim” who will become the captive adult—enslaved, exploitable, a financially renewable resource!

h. Enslavement and modern day slavery³¹ occurs because the RAT torturer considers they have rights of ownership over their child or captive enslaved woman victim thus they have the right to use victimized persons as slaves for various forms of exploitation, such as financial and sexualized exploitation. Financial exploitation means all monies earned by children or woman victims, whether from legitimate jobs or from exploitation, goes to the family/group. Infants, toddlers, children, and youth are rented out into the off-street sexualized pedophilic exploitation and pornography market and captive enslaved women are trafficked into off-street and on-street adult pornography and prostitution “sex” trade. Enslavement also teaches the victimized person to believe they are owned by their torturers, that they are bonded to their torturers, and that they need to “do good” for the family/group. They commonly do not realize they have a right to monies earned, even from legitimate jobs. For instance, Sara, an adult woman with a professional career, did not know that her salary belonged to her. She reported all wages were given to her parents—the ritual abuse-torture family/group—who then supplied her with the bare essentials including food. Groceries were taken to her monthly and were so sparse that she needed to ration them. She reports that although she lived in a separate dwelling she was only allowed to use the bathroom once after she got home from work and would never dare break this rule because she believed the family were so powerful they knew of her every move. A life-time of being subjected to totalitarianistic rules reinforced by acts of torture, terror, and horror used in her conditioned-programming successfully kept her a captive, enslaved, and exploited adult .

You cannot deceive the Truth

My life and family are handled, programmed, and surrounded by Masonic, Judaic, CIA, Mossad, Satanic Illuminati scam. Pure evil.

Dr. Phil is a member of the Masonic hierarchy, which is why he discredits TIs.

Staged propaganda.

I have been overtly and heavily targeted for four years and still have family doubting me and claiming that I am "exaggerating" about the the full-spectrum takedown of my life, despite an ID theft police report filed and despite volumes of tangible proof of hacking, theft, break-ins, stalking, and terroristic harassment by thug informants and police.

This is the nature of satanic ritual abuse and torture courtesy of the ZioNazi CIA.

It's really a stupid move to continue to run this repetitive behavioral script but these people are incurable sadists. All it guarantees is that I will absolutely prove and shred this program in every imaginable way.

My conviction is unwavering.

I just saw a picture on someone else's page that led to this site. This organization is all about transhumanizing the population.

I have talked a lot about how Operant Conditioning techniques are used on me and in this program. Here is an excerpt from this page when talking about the various methods of Bioprosynthesis control they find viable when controlling in animals AND people:

"Using methods based on operant conditioning (block 1.2.2.2, fig. 1). This method is basically very similar to the method of biofeedback, the difference being that the stimulus/feedback possesses its own vital meaning (this is typically the "reward-punishment" system of stimuli). In this method, the linking of a physiological function to a signal—that is, the forming of a new functional system—occurs unconsciously. For obvious reasons, this method is more widely used in work with animals, but this technique can be and is used on people as well—particularly in the near-threshold formation of conditional reflexes for experimental purposes, or for controlling EEG patterns for putting them into a form that matches a positive prognosis when a patient comes out of a coma. In the latter case, the voices of loved ones, for example, are used as a positive stimulus."

It's in your face.

This is happening now in the US and this time, they are using technology on the people around the target to shut them down to what's going on and to slander the targeting victim.

The media further reinforces the lie and cover-up in the same way media is used during any communist, totalitarian regime.

The witting perpetrators of this kind of abuse, torture, and outright destruction of a person's internal and external life and well-being are sadistic war criminals and eventually will be tried as such.

War at Home by Brian Glick

Excerpted from the South End Press Book by permission of the author.

Government harassment of U.S. political activists clearly exists today, violating our fundamental democratic rights and creating a climate of fear and distrust which undermines our efforts to challenge official policy. Similar attacks on social justice movements came to light during the 1960s. Only years later did we learn that these had been merely the visible tip of an iceberg. Largely hidden at the time was a vast government program to neutralize domestic political opposition through "covert action" (political repression carried out secretly or under the guise of legitimate law enforcement). The 1960s program, coordinated by the FBI under the code name "COINTELPRO," was exposed in the 1970s and supposedly stopped. But covert operations against domestic dissidents did not end. They have persisted and become an integral part of government activity.

How COINTELPRO Worked

When congressional investigations, political trials, and other traditional legal modes of repression failed to counter the growing movements, and even helped to fuel them, the FBI and police moved outside the law. They resorted to the

secret and systematic use of fraud and force to sabotage constitutionally protected political activity. Their methods ranged far beyond surveillance, amounting to a homefront version of the covert action for which the CIA has

become infamous throughout the world. FBI Headquarters secretly instructed its field offices to propose schemes to

"expose, disrupt, misdirect, discredit, or otherwise neutralize" specific individuals and groups. Close coordination with local police and prosecutors was strongly encouraged. Other recommended collaborators included friendly news media,

business and foundation executives, and university, church, and trade union officials, as well as such "patriotic" organizations as the American Legion. Final authority rested with FBI Headquarters in Washington, D.C. Top FBI officials

pressed local field offices to step up their activity and demanded regular progress reports. Agents were directed to maintain full secrecy "such that under no circumstances should the existence of the program be made known outside the Bureau and appropriate within-office security should be afforded to sensitive operations and techniques." A total of 2,370 officially approved COINTELPRO actions were admitted to the Senate Intelligence Committee, and thousands more have since been uncovered.

There needs to be a worldwide investigation of manufactured reality that promotes Masonic NWO agenda.

We're drowning in it.

"In cases of organized and multi-perpetrator abuse when the abuse occurs in the context of rituals and ceremonies, some elements of the experience may have been staged specifically with the intention of encouraging the disbelief of others if the victim were to report the crime. For example, someone reporting such a crime may mention that the devil was present, or that someone well-known was there, or that acts of magic were performed.

These were tricks and deceptions by the abusers-often experienced by the victims after being given medication or hallucinogenic drugs - that render the account unbelievable, make the witness sound unreliable, and protect the perpetrators."

Hacking a car's system is a joke. I've experienced manipulations of the computer system in the car on multiple occasions. The hacking of all of my devices is persistent and advanced. These agents pride themselves on their ability to overcome all forms of cyberdefense and security.

All technological innovation has attached to it a nefarious and covert underbelly. The programmers don't just anticipate that all systems can be hacked. They actually design the systems in order to make this possible. Most hackers aren't computer nerds with mad coding skills. They are government agents pretending to be the enemy.

Moving the world toward a digital and synthetic existence gives those at the top of the hierarchy the ability to make or break anyone and anything on the planet at the flip of a switch or the injection of a command.

This power needs to be removed from the hands of tyrants. At this point, they are at the helm and their intentions are dark and evil.

I know Eric. He has done some incredible research on NWO, targeting, mind control, and other related subjects.

An excerpt:

The astonishing thing about the global ruling elite is that they often reveal their long range plans. Zbigniew Brzezinski, former National Security Advisor to President Carter and current adviser to President Obama, articulated key goals, strategies, and secret weapons of the global elite in his 1970 book, *Between Two Ages: America's Role in the Technetronic Era*:

"The technetronic era involves the gradual appearance of a more controlled society. Such a society would be dominated by an elite, unrestrained by traditional values. Soon it will be possible to assert almost continuous surveillance over every citizen and maintain up-to-date complete files containing even the most personal information about the citizen. These files will be subject to instantaneous retrieval by the authorities.

Today we are again witnessing the emergence of transnational elites ... [whose] ties cut across national boundaries ... It is likely that before long the social elites of most of the more advanced countries will be highly internationalist or globalist in spirit and outlook ... The nation-state is gradually yielding its sovereignty... Further progress will require greater American sacrifices. More intensive efforts to shape a new world monetary structure will have to be undertaken, with some consequent risk to the present relatively favorable American position.

Marxism represents a further vital and creative stage in the maturing of man's universal vision ... Marxism is simultaneously a victory of the external, active man over the inner, passive man and a victory of reason over belief ... Marxism, disseminated on the

popular level in the form of communism, represents a major advance in man's ability to conceptualize his relationship to the world.

By the year 2018, technology will make available to the leaders of the major nations, a variety of techniques for conducting secret warfare, of which only a bare minimum of the security forces need be appraised. One nation may attack a competitor covertly by bacteriological means, thoroughly weakening the population (though with a minimum of fatalities) before taking over with its own armed forces. Alternatively, techniques of weather modification could be employed to produce prolonged periods of drought or storm... a system that would seriously impair the brain performance of very large populations."

Future developments may well include automated or manned space warships, deep-sea installations, chemical and biological weapons, death rays, and still other forms of warfare—even the weather may be tampered with.

In addition, it may be possible—and tempting—to exploit for strategic-political purposes the fruits of research on the brain and on human behavior. Gordon J. F. MacDonald, a geophysicist specializing in problems of warfare, has written that timed artificially excited electronic strokes could lead to a pattern of oscillations that produce relatively high power levels over certain regions of the earth.... In this way, one could develop a system that would seriously impair the brain performance of very large populations in selected regions over an extended period.... No matter how deeply disturbing the thought of using the environment to manipulate behavior for national advantages to some, the technology permitting such use will very probably develop within the next few decades.

The new global consciousness will emerge out of fragmentation and chaos."

Trauma-based, ritual abuse of children goes way back. Egyptian Book of the Dead is a strong indicator of ancient practices of what has been refined and formalized in the modern age.

Should be noted too that a lot of people online within the TI "community" exhibit similar behavior to cyber-stalkers and agent provocateurs, which I believe is by design. Labeling oneself a TI and then running around stalking, slandering, defaming, harassing,

and provoking people online, doesn't make it any less criminal.

These thugs do know the law and they know exactly what they are doing with us. They've been taught by feds and cops. The goal always is to make the target look like the perpetrator and stalker. The Masons and Illuminati turn certain people into celebrities to then anchor us in their rhetoric and manipulate us toward their agenda-driven objectives.

This is why they make celebrities out of everyone: scientists, businessmen, religious figures, politicians, doctors, life coaches, engineers, thieves, killers, lawyers, athletes, singers, actors, directors, producers, writers, chefs, moms, dads, families, ad infinitum.

They make sure they have a representative for everyone within the population. That's the nature of anchoring and programming. They create models for us, then spread those models constantly throughout the media, and use them to manage perception and control the trajectory of society, especially the youth. It's a form of conditioning and population control.

The most celebrated rarely get there because that person achieved that status all on their own but rather because they were chosen most likely at birth or not long after and then programmed to fulfill a particular role. That along with how well they do what they are told. Those most talented at selling agenda and without any moral compass whatsoever tend to get the most publicity and push.

They may or may not have awareness until they get older and are moved into the limelight and onto the world stage.

This is the way the world works.

For a solid two years I was in the most aggressive crosshairs of a ritualistic Masonic initiation and intelligence operation, which I reject and expose every day because it's criminal and deceptive.

I was getting ritualistically signaled to in myriad ways online and in public. Intel handlers started to influence my family as well to use similar gesturing and signaling. Even tried to induce gestures in me using the same technology. Colors too. Phrases. Words. You name it. It's a form of Masonic and Satanic branding and programming. All disturbing. All criminal.

The 666 sign (A-Ok cover excuse), pyramid sign (steeple cover excuse), diamond sign, devil's horns ("love" or "longhorns" cover excuse), V sign ("peace" cover excuse), among many others, were used on me nonstop. Masonic black and white duality combos, black and red satanic combos, masonic orange, plus a few other colors are still used daily on me. I have been anchored in so many

different signs, symbols, colors, words, and phrases that I had to focus a lot of my time on just desensitizing myself from the trauma-based psychology and programming they were attempting to inflict.

These techniques of communication are pervasive online and throughout all forms of media. They have indoctrinated culture using the same signs and symbols on the masses and amid the consumer culture. If you look around, you will literally see it everywhere. That's not an accident. Anyone who tells you it's just a "sign of the times" is naive and ignorant or complicit. We are in the midst of a Satanic and Masonic global ritual.

Beyond the basic signaling of allegiance, it is also done to let those in the know that anyone arguing against the Masons and Illuminati are actually on the same side. They signal to make it clear they are playing along the controlled dialectic, that they are still beholden to the brotherhood (or sisterhood) regardless of what they say.

Maybe some other reasons too. There's a psychological dominance element to these tactics that is deliberate and is used on people they focus on in the way they did me. Different signs, colors, words, and phrases, also may be used at different points to communicate a particular intent. Some of these tactics and the motives behind them I am still trying to deduce.

Regardless, it's designed to be impossible to nail down and to keep deniability high. It's grounded in values of confusion, elusiveness, deception, and manipulation, which is never a good thing. That alone should make people question the integrity of the people behind it, but when you add to it the dark programming motives and ritual abuse and torture that accompanies it, it becomes a very evil practice.

It will all be exposed.

January 29, 2019

Every time I go to the local library, I have the campus police make their presence known around me and engage in intimidation theater. It's deliberate and they know what they're doing. They lie about it because they are given license to do so by our government.

Sometimes the technology can coordinate these situations but most of these cops know what's up and they know exactly who I am or anyone else who is criminally, wrongfully, and unconstitutionally listed, harassed, terrorized, abused, and tortured in this program.

The world stage is fully controlled, including ALL opposition.

Being made legal to abort babies full-term. They will provoke a world war and revolution by degrading all things human.

January 31, 2019

Pay attention to how many corporate websites use orange in their color schemes.

Masonic signaling aligned with the current Luciferian New World Order movement.

The world is run by satanists, masons, luciferians, pedophiles, militant gay and transexual sodomite programmers.

The media is filled with their symbology to reinforce their sex and death cult obsessions. Their focus on children is particularly disturbing. These maniacs start young and are predatory.

The State as owner of all things, including children, is directly aligned with and connected to this ideology and the people behind it.

In their totalitarian, eugenicist, dystopian, inverted New World Order ideal, parents no longer exist in the natural sense. Babies will be designed and created in laboratory environments and the population strictly limited by those in power. Raising children in their minds to be loyal and obedient to the enslaved collective is the duty and right of the community and the State.

Adults will be able to have sex with children of all ages. Animals too. They look to normalize absolutely everything. Do What Thou Wilt is their motto. The cruder, dirtier, more depraved, morally bankrupt, the better.

These are the same people, by the way who are pushing the normalization of aborting babies all through the 9th month of pregnancy. Abortion is a cover for satanic ritual sacrifice and the harvesting of blood and trafficking of organs.

These truths are viciously suppressed for obvious reasons. They have to protect themselves and their masters. The media is their weapon for silencing dissension and discrediting those who try hard to tell the truth.

They have cornered the world.

And these very same people infiltrated my family and invaded my life at birth.

I get aggressively threatened and tortured because I expose the fine details of what they have done to me and my children and the fraudulent agenda they were connecting to me, the same one they are perpetrating throughout the world.

Coded plate in my line of sight at the airport that plays into the manufactured God vs Satan dialectic. Nothing in this world should be trusted as real and organic until this program and the technology behind it is taken down.

Psalms 91

1 Whoever dwells in the shelter of the Most High

will rest in the shadow of the Almighty.[a]

2 I will say of the Lord, "He is my refuge and my fortress,

my God, in whom I trust."

3 Surely he will save you

from the fowler's snare

and from the deadly pestilence.

4 He will cover you with his feathers,

and under his wings you will find refuge;

his faithfulness will be your shield and rampart.

5 You will not fear the terror of night,

nor the arrow that flies by day,

6 nor the pestilence that stalks in the darkness,

nor the plague that destroys at midday.

7 A thousand may fall at your side,

ten thousand at your right hand,

but it will not come near you.

8 You will only observe with your eyes

and see the punishment of the wicked.

9 If you say, "The Lord is my refuge,"

and you make the Most High your dwelling,

10 no harm will overtake you,

no disaster will come near your tent.

11 For he will command his angels concerning you

to guard you in all your ways;

12 they will lift you up in their hands,

so that you will not strike your foot against a stone.

13 You will tread on the lion and the cobra;

you will trample the great lion and the serpent.

14 "Because he[b] loves me," says the Lord, "I will rescue him;

I will protect him, for he acknowledges my name.

15 He will call on me, and I will answer him;

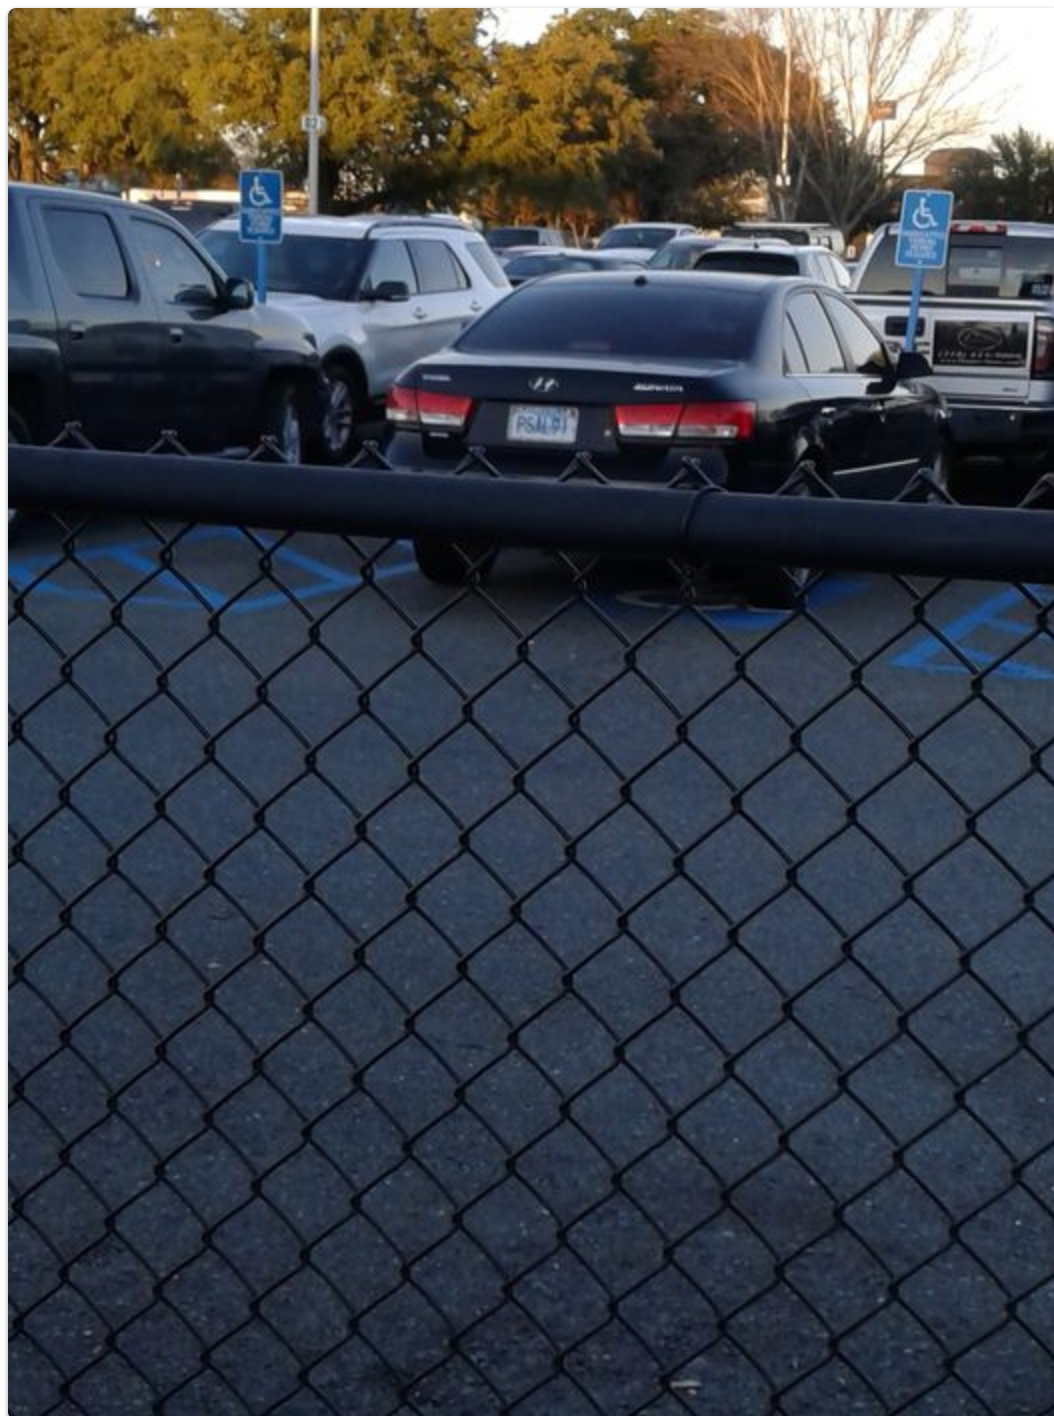

I will be with him in trouble,

I will deliver him and honor him.

16 With long life I will satisfy him

and show him my salvation.”

Citizens turned spies, snitches, and domestic terrorists will never admit anything. Instead, they project blame and guilt onto those telling the truth.

Do you think anyone in the Stasi ever admitted that they spied on, harassed, terrorized, set up, and often destroyed the lives of fellow citizens? Only the ones that everyone knew were working for the government in such a capacity were openly communistic and tyrannical. The citizen spies though remained covert snakes.

Such a despicable representation of people, and it's happening all over again and this time around the world.

Embedded codes.

Signs, symbols, names, and numbers comprise the hidden language that rules this world.

A lot of names including our own are coded and we don't see it.

The Masons and the Illuminati program this world and the people in it by the numbers and oftentimes covertly and from birth. Names are important to them.

Sex codes, role codes, future codes, mocking codes, monarch programming codes, these names when used on the world stage serve many purposes. My life has been encoded using the same techniques.

February 4, 2019

A breakdown of my experience and understanding of it excerpted from a year old email thread that included some highly visible people within the targeted activist circles:

I've experienced extremely advanced scripting of behavior and long-form programming of outcomes. My life reads like a carefully crafted film. They are without doubt scripting lives from birth, making and breaking people with tech that roots itself in Trauma-Based Satanic Ritual Abuse and Psych Warfare methods. Hive-minding synchronicity on a global scale, reinforced by an army of Illuminati, military intel and intel handlers and psych warfare specialists who take part in the transhumanist Monarch MK-Ultra ground operations. I would say that they are also wittingly or unwittingly programmed, most likely Delta to guarantee militant obedience. They have put all this programming into me, my family, and my children and have attached major generational agenda to it, which I reject daily because it's deceptive and wrong. DOD, CIA, Illuminati are the main players in my case. All TIs I think are in variations of "Übermensch" and Super Soldier programming. The "Chosen Ones," so to speak, which is also interestingly a term associated with Monarch Programming. It's a eugenicist, master race movement as well as a depop genocide to usher in a Luciferian New Age and put the final nail in the coffin of social control with the mind as the final frontier for enslavement. They are activating people around the world with all types of programming that goes back to birth. End Times and ET programming are big as they play into Biblical Prophecy and BlueBeam New Age agenda. Serves as a depopulation and One World "Unity" ploy as well. They are eugenicists and controllers who envelop all truths with layers of deception, an ancient and very sophisticated occultic practice, which guarantees their continued dominion. The technology is way more advanced than just controlling behavior. It maps it out, orchestrates and cultivates belief systems and personality, scripts convergence and simulation of experience, hive minds ideas on a global scale, and manages lives from beginning to end. A tech-driven means of "playing Satan." The idea is to digitize and synthesize all aspects of one's existence, full spectrum internal and external dominance. They have moved from Controlled Opposition to Mind Controlled Opposition as the opposition of choice on the world stage. Anyone who isn't willfully complicit in the Hegelian deceptions will no doubt be manipulated and programmed internally if they oppose what is happening with unwavering integrity. I have seen this technology control weather, groups of people, every aspect of human behavior, and anything with a pulse. Brain to Computer and Brain to Brain Interfaces are central to my experience. Very disturbing and dehumanizing at times, which is the point. Master/Slave Mengele-style model and approach. My life is coded and scripted generationally with heavy Masonic, Luciferian, and Illuminati overtones and has been connected to major players on the world stage going back to childhood. The future is predictively programmed for me. Everything that is happening now was prefigured decades ago.

This is my experience and understanding. I am sure others will have varying perspectives but this gets reinforced daily for me. I have documented much of it and get tortured and marginalized because of the evidence I have accumulated since this went overt.

Something along these lines should pick up our implants. Even if the implants are more sophisticated than basic rfid, there still has to be scanning technology that is used to keep track of all the human "nodes" in the population.

Determining the ghz band that these chips are on and then using the appropriate scanner to pick them up would generate an id number, which is hard, specific evidence.

If anyone has purchased one of these and tried this out, let me know.

It's disturbing but not surprising how much the psychological abuse, slander, defamation, and downright nastiness carries over into targeting circles. Is it any wonder people distance themselves? TIs acting more like agent provocateurs, teenage trolls, and intel handlers than decent human beings. I have experienced more psychological warfare and cowardly, passive-aggressive techniques of abuse, manipulation, and subversion since reaching out to other people in this "community" than anywhere else.

This is proof that the targeting circles that formed among us were designed for exactly this purpose. The corrupt intelligence agencies don't stop looking for ways to take good and truthful people down, especially when they know we can expose and disarm their pathetic and shady tactics by amassing legitimate, court-worthy proof.

If you start to get more isolated, even from the targeting circles, and start experiencing persecution and psychological warfare similar to what you experienced prior to connecting with other targets, then you are being further targeted and isolated by the same people who initially took your life down because you are much more formidable, uncontrollable, and unwavering in integrity than they expected, not less.

This time around, instead of thugs in public or two-faced friends and family, they are wolves in sheep's clothing wearing TI disguises. Each person will have to determine this on their own. I would avoid accusing people without solid proof, as it's an intel trap that allows the perps to gang up on the individual and openly attack and defame, but everyone needs to be their own judge when it comes to this.

My instinct when this happens is to move away from these lowlifes and toward proving everything I have experienced in ways that are extremely tough to dispute, while noting all patterns of perpetration and harassment and abuse, both direct and indirect. Much harder to take a person down with mountains of proof staring back.

Keep in mind that the technology interfacing with our brains can generate false positives and move us toward inaccurate conclusions about who is a perpetrator and agent who is not. This is a Masonic Divide and Conquer, Order Out of Chaos technique that the military uses to break apart groups of people they consider antagonistic to their agenda.

I may still post here and there but I am moving away from Fedbook, as it is a more toxic surveillance and psych warfare circus than any other place when it comes to targeting. We are being set up and should remain acutely aware of how these dopes intend to discredit all the legitimate targets of this despicable program.

Controlled Opposition is firmly in place and it's not on our side. It never is.

My best to everyone.

When I use VPNs, I always run into issues, courtesy of parasitic intel.

This law gives the FBI license to come after anyone with a VPN. This fascistic government creates double binds and Catch-22s to make it impossible for people to exercise their Constitutional Rights without running the risk of being targeted. This is legalized but unconstitutional and criminal profiling.

A quote from the article:

"In other words, the FBI can obtain a warrant to hack any device whose IP address is masked. This can include computers using a virtual proxy network (VPN), a common internet tool used to maintain privacy on public Wi-Fi networks, to watch Netflix (and other geo-restricted media) from another country, to improve streaming speeds or simply to remain anonymous online. Similarly vulnerable under the updated rule are computers running the Tor browser, which users use for privacy and security or to browse the Deep Web for reasons including visiting illegal sites and accessing secured communications for political dissidents and whistle-blowers.

The amendment also makes it legal to search computers that have been "damaged without authorization" — that is, subjected to malware such as hijacking into botnets used to launch distributed denial of service (DDoS) attacks. Considering that 16 million American households experienced serious virus problems in the past two years, that's a lot of computers that the FBI could legally hack."

Look at the first video and then the last. Difficult to discern who's who and what's what in this world these days. This is nowhere close to what they are capable of at the highest levels. They want it to be impossible to tell the difference between a natural male and female and a surgically reassigned one and they have been there for a long time.

Reacting with hostility if and when this topic is broached is a deliberate move in order to silence any deeper questioning of underlying agenda.

Confusion is never a positive thing, and is actually a trademark of Satanism and MK-Ultra Monarch Programming. I have dealt with extremely evil and sadistic levels of this in the last few years.

It is arguable that many who claim to be born in the wrong body and opt for surgery have deeply embedded programming in them from birth or come from Masonic and Satanic families or both.

I have had a lot of gay and transgender innuendo around me since this began and it's clear there is a Satanic Ritual Abuse element that connects it back to my childhood.

I have had gay friends from all walks of life, including a cousin who died of AIDS, so anyone who tries portray me as bigoted is barking up the wrong tree. I am staring this agenda down the barrel. This isn't a matter of going after or ridiculing individual people. I am looking at the bigger picture, which includes everyone.

And truth be told, the Masons and the military behind my experience are Sodomite Programmers. They worship the phallus and androgyny and the destruction of all morally grounded value systems.

I don't have hate for people who make this choice. I would treat them just like anyone else on a personal level. I do have serious concern, especially when it comes to children.

I consider this a normalization of unhealthy and psychologically damaging dysphoria, which is now being spread with calculated aggression into the psyches of children.

This is an ancient, Satanic bloodline practice, which is why there is such an intense push and such viciousness in the media when people question it. The other deeper motivation involves the erosion of the family unit and the shattering of all historical and traditional concepts of a natural, heterosexual, procreative family unit as the core ingredient of a healthy society.

The world stage is littered with secret cross-dressers and fantasy role players.

Who love to mock.

Shakespeare clued us in...

Dirtbag CIA and Co, many posing as TIs, engage in sophisticated and collective tactics of subversion and aggression online and elsewhere that are difficult to nail down but no less criminal.

How many years in prison do people deserve for years of continuous psychological warfare, manipulation, abuse, harassment, and terrorism, not to mention veiled threats of institutionalization, prison, or death to me and my family, and myriad forms of persistent, hardcore, sadistic torture and trauma?

All because I and others are striving to tell the entire truth of the crimes committed against us and not wavering?

What legitimate targets realize over time is that we are being set up to fail, that the targeting "community" is just another phase of criminal profiling, ritual abuse, and MK-Ultra programming, courtesy of Masonic goons in the military and intelligence.

Real TIs are the minority among these social media circles and that's by design, because just as in localized gangstalking, these cowardly perps travel in wolf-like packs in order to bully, threaten, slander, attack, and overwhelm anyone who doesn't go along, refuses to be silent, and possesses the intellectual firepower to figure out all their nefarious schemes and plans.

The military has been doing this to humans for decades.

The MK-Ultra Monarch handler interfaces with the subject's brain in real-time and can send commands telepathically and subliminally.

At its extreme, we're talking covert, holistic behavioral control, using the human being as merely a vessel. Modern day puppetry. Real-life Sims game.

WiFi can reach great distances and can be used to covertly program implants and subsequently the behavior of people.

If this person can set a record for over two hundred miles, what do you think the military's capacity is?

Satellites are unnecessary. They may very well be a red herring and disinformation perpetrated by controlled opposition assets.

If wireless and cellular networks removed from the equation, global mind control would most likely be impossible en masse. This is why they get us as consumers hooked on these innovations and conveniences. We actually then fight for the very technology that is being used to covertly enslave us.

Fedbook was one of the first accounts that the intel criminals locked me out of. Since then, my old account miraculously reappeared this past summer after doing many unsuccessful searches for it, including asking around to old friends. All very suspect.

This article is a disturbing reminder of how easy it is for criminals to compromise our accounts and steal our identities, something that every target deals with.

We're living in a hackable world, and that's by design. The criminals formalized themselves as governments but they are no less criminal. And anytime they want to do some really ugly stuff, intel strikes under the table deals with career hackers and felons to make it impossible for victims to trace the crimes back to the original source.

Shady world.

The same Masonic hoax and fake death coding is happening in targeting as in the completely fabricated CIA Mockingbird news.

All alleged deaths, incarcerations, institutionalizations, should be investigated and confirmed, especially those that get national, even local media coverage.

Otherwise, we become unwitting disseminators of propagandized CIA fear-based psychology and programming.

Everything should be questioned as a rule in a world swimming in deception.

If you follow the money, it's not hard to see and prove.

CFR is over half Jewish, runs this country, and selects the presidents. Tavistock, Stanford Research Institute, all of these major NWO think tanks are integral as well and funded by Jewish money, namely Rockefeller and Rothschild, as well as other black nobility and Illuminati bloodline families.

They ARE the shadow government and the New World Order.

I was targeted, persecuted, marginalized, and taken down in LA by Masons and Jews. This was done to isolate and program me more deeply and to make it incredibly difficult for me to fight back.

I am focused on now every day by Masonic and Jewish agents and have been dealing with intense, overt brain interfacing, handling, and programming for four years now. The operation these people put together was huge and has created a nearly inescapable floating box and invisible prison around my life. Many people in these targeting circles are directly connected to this operation and are not who they seem to be.

The main perpetrators are Jewish Illuminati, Masons, Army, DARPA, CIA, Mossad. They are sadistic sodomite programmers as well.

They espouse Eugenics. Those at the top are occultists, Kabbalists, Satanists, and Luciferians, who believe in a Totalitarian Master Race that rules the world and enslaves those they consider genetically inferior.

I seem to be at least tangentially connected to these bloodlines but had no awareness of this. I reject their supremacist ideology and criminal ways.

I can prove deep agenda and deception that goes high up, and because I continue to expose it, I am aggressively threatened with prison, institutionalization, framing, slander, defamation, and slow kill that will be passed off as natural if and when it occurs.

This is what the Illuminati, the CIA, and their gang of thuggish minions do to those who reject their agenda, undo their programming, and stand up to their tyranny and evil.

MK-Ultra never stopped. CointelPro never stopped.

They went underground and achieved worldwide saturation.

Documents from the FBI's Secret Wars Against Dissent in the United States

An excerpt and highly applicable to targeting circles:

INFILTRATION BY AGENTS OR INFORMERS

Agents are law enforcement officers disguised as activists. Informers are non-agents who provide information to a law enforcement or intelligence agency. They may be recruited from within a group or sent in by an agency, or they may be disaffected former members or supporters.

Infiltrators are agents or informers who work in a group or community under the direction of a law enforcement or intelligence agency. During the 60s the FBI had to rely on informers (who are less well trained and harder to control) because it had very few black, Hispanic or female agents, and its strict dress and grooming code left white male agents unable to look like activists. As a modern equal opportunity employer, today's FBI has fewer such limitations.

What They Do:

Some informers and infiltrators quietly provide information while keeping a low profile and doing whatever is expected of group members. Others attempt to discredit a target and disrupt its work. They may spread false rumors and make unfounded accusations to provoke or exacerbate tensions and splits. They may urge divisive proposals, sabotage important activities and resources, or operate as "provocateurs" who lead zealous activists into unnecessary danger. In a demonstration or other confrontation with police, such an agent may break discipline and call for actions which would undermine unity and detract from tactical focus.

Infiltration As a Source of Distrust and Paranoia:

While individual agents and informers aid the government in a variety of specific ways, the general use of infiltrators serves a very special and powerful strategic function. The fear that a group may be infiltrated often intimidates people from getting more involved. It can give rise to a paranoia which makes it difficult to build the mutual trust which political groups depend on. This use of infiltrators, enhanced by covertly-initiated rumors that exaggerate the extent to which a particular movement or group has been penetrated, is recommended by the manuals used to teach counter-insurgency in the U.S. and Western Europe.

Covert Manipulation to Make A Legitimate Activist Appear to be an Agent:

An actual agent will often point the finger at a genuine, non-collaborating and highly-valued group member, claiming that he or she is the infiltrator. The same effect, known as a "snitch jacket," has been achieved by planting forged documents which appear to be communications between an activist and the FBI, or by releasing for no other apparent reason one of a group of activists who were arrested together. Another method used under COINTELPRO was to arrange for some activists, arrested under one pretext or another, to hear over the police radio a phony broadcast which appeared to set up a secret meeting between the police and someone from their group.

The CointelPro Papers

https://www.freedomarchives.org/Documents/Finder/Black%20Liberation%20Disk/Black%20Power!/SugahData/Government/COINTELPRO.S.pdf?fbclid=IwAR08_OWnD5sEWoDdPcNjzF3im8Og03kEuNmwlEzI6Ben4U9BS04SwuBOM4A

Regardless of the unattractiveness or noisy militancy of some private citizens or organizations, the Constitution does not permit federal interference with their activities except through the criminal justice system, armed with its ancient safeguards. There are no exceptions. No federal agency, the CIA, the IRS, or the FBI, can be at the same time policeman, prosecutor, judge and jury. That is what constitutionally guaranteed due process is all about. It may sometimes be disorderly and unsatisfactory to some, but it is the essence of freedom ... I suggest that the philosophy supporting COINTELPRO is the subversive notion that any public official, the

President or a policeman, possesses a kind of inherent power to set aside the Constitution whenever he thinks the public interest, or "national security" warrants it. That notion is postulate of tyranny.

Snitch culture is firmly entrenched in the societal fabric of the United States and growing. As much as in Communist Russia and East Germany.

Even shadier because it is presented as some sort of patriotic action in the interest of National Security, when really it is criminal profiling and subsequent harrasment, persecution, terrorism, and torture of civilians they flag as problematic to their Totalitarian NWO agenda.

Marks the dissolution of a healthy and trustworthy society.

East German Snitching Went Far Beyond the Stasi

https://www.spiegel.de/international/germany/east-german-domestic-surveillance-went-far-beyond-the-stasi-a-1042883.html?fbclid=IwAR1_Ogf2xTFWSmnHdGryGF2y3alKzq0mel4WsLSi7Y8ywhTdMGQva-ROeZs

Wikipedia is an NWO gatekeeping operation but even they give an accurate depiction of the Stasi.

Gangstalking IS Zersetzung.

Perps are the equivalent of Stasi Informants, which at the higher levels were called the Secret Police. They interfaced directly with the government and had handlers. Equivalent of present day Covert Agents and Operatives in the FBI, DHS, CIA, and so on. Lower levels come from programs like Neighborhood Watch, Citizens on Patrol, Infraguard, and any other organization -- most of which are DHS-based -- that contributes to the snitch informant culture.

Zersetzung techniques are now also internally mirrored with neural tech that attempts to erode natural cognitive functioning and the Central Nervous System. Same tactics applied externally are applied internally. Two-pronged, full-spectrum erosion and an extreme War Crime and Crime Against Humanity.

These practices connect directly to MK-Ultra for many targets. MK-Ultra and Monarch Programming is trauma and torture based. Zersetzung operations are trauma and torture-based as well, designed to break a person's life down to nothing. For Monarch Programmers, this is exactly how they rebuild a human being into their own deranged, programmed ideal.

Mind you, everything that is described in this article as factual is exactly what Targeted Individuals complain of today and yet we are discredited by the criminal, CIA Mockingbird media and portrayed as mentally unstable. It's called Psychiatric Reprisal and it is most pronounced historically as a go-to technique in totalitarian regimes.

Let's not forget that the CIA and Nazi Paperclip scientists all but took over the field of psychiatry in the United States and eugenicists were behind the questionable formalization of psychiatry as a legitimate field of medicine and science. That's because they were interested in controlling the minds of the entire population and using their diagnoses as silencing weapons for those they deemed social troublemakers and formidable threats to their agenda.

We are a covert China at this point, arguably much worse.

The reason nothing is changing is because those in power are already behind the scenes treating this country like a totalitarian regime.

The United States is engaging in extrajudicial punishment of innocent civilians that it criminally and secretly labels as dissidents, enemy combatants, or "undesirables" of any kind. Because this is done in secret and denied, no one is afforded the opportunity of seeing the complete picture and clearing their name.

This is the kind of criminal profiling that took place in Communist Russia and Nazi Germany and once fully realized and out in the open, included anyone that did not remain loyal and obedient to the State. The snitch and surveillance culture that has methodically evolved over decades is used to profile people even in their own homes. This goes way beyond typical surveillance, which is already invasive enough. They have graduated to the continuous monitoring and scrutinizing of one's thoughts, thoughts that may not even be our own if intelligence agencies are interfacing with our brains.

This level of intrusion is dehumanizing and insidious. We have been quietly moved into an Orwellian Police State where someone can be profiled for thinking in ways the government doesn't like. Subversive methods of subjugation, terrorism, profiling, and trauma-based Zersetzung, CointelPro, and MK-Ultra tactics are used around the clock to move the victim into a persistently traumatized and stressful state, which was preconceived and mapped out like an intelligence operation long before the victim was aware anything was happening.

This is done to cover the tracks of the government-sponsored criminals and to increase the chances of successfully blaming a person's downward spiral on the individual and not the tyrants behind these programs. The State, local law enforcement, federal intelligence agencies and the military are the real culprits. They are covertly persecuting, marginalizing, assaulting, terrorizing, isolating, torturing, and programming innocent people, as was done by the Stasi of East Germany, as well as the FBI's CointelPro, and the CIA's MK-Ultra programs of the United States. In the most extreme cases, especially with those who fight back with intelligence, they move toward wrongful institutionalization, wrongful incarceration, or slow-kill via microwaves or other means, potential outcomes I get threatened with daily. Look to Communist Russia for a well-documented precedent.

It should too be noted that, for many, none of this begins in adulthood. The Military Intelligence Industrial Complex is targeting children all over the world with technology and has been for at least a half century. They can start to cultivate and program us into any intended outcome before we can even read or write. This is the latest and greatest form of MK-Ultra, which connects to the increasingly popularized Transhumanist movement. Fusing humans with technology is in their deranged minds the most efficient means of enslaving and controlling people and without us ever knowing. As with everything else nefarious that they do, they will commercialize their "innovations" with a positive spin to get the masses onboard.

Regardless of how they attempt to propagandize and brainwash with Operation Mockingbird media and invasive neural tech, the underbelly of truth remains and will emerge over time. We are moving toward nothing less than a worldwide, feudalistic, Master/Slave caste system, where our status in life is determined from birth and programmed accordingly. It's a system thought out long ago by a power structure that subscribes to a Masonic, Kabbalistic, and Supremacist Eugenics ideology.

That is the New World Order. For them, control and power are the only worthwhile values for maintaining dominion over the world.

They are dead wrong.

An excerpt from this article:

In Mainland China, a system of administrative detentions called Re-education through labor (láodòng jiàoyǎng 劳动教养, abbreviated láojiào 劳教) is used to detain persons for minor crimes such as petty theft, prostitution, and trafficking illegal drugs for periods of up to four years. Re-education through labor sentences are given by police, rather than through the judicial system. [citation needed]

For many years, the Jamaican Constabulary Force has been noted for its extrajudicial killings.[5][6] With 140 police killings in a population of 3 million, "Jamaica's police force [is] among the deadliest in the world".[7]

It has been discussed[who?] that the use of psychiatric treatments to reduce unwanted behaviors can be seen as extrajudicial punishments, due to many side-effects associated to these treatments.[8]

The US has been known to employ extrajudicial tactics including extraordinary rendition. Some critics use the term "torture by proxy" to describe situations in which the CIA[9][10][11][12] and other US agencies have employed rendition techniques to transfer suspected terrorists to countries known to utilize torture. While denied by the US, where it is a crime to transfer anyone to any location for the purpose of torture, critics claim that torture has been employed with the knowledge or acquiescence of US agencies. Condoleezza Rice (then the United States Secretary of State) stated:[13]

...the United States has not transported anyone, and will not transport anyone, to a country when we believe he will be tortured. Where appropriate, the United States seeks assurances that transferred persons will not be tortured.

The CIA has been accused of operating secret detention and interrogation centres known as black sites. These are allegedly located in countries other than the US, thus evading US laws as they are outside US jurisdiction.

Harassed, mobbed, terrorized, provoked while on the road delivering to make money despite blacklisting.

Gangster punk tried to pick a fight with me at a restaurant tonight.

Profiling through provocation.

Two weeks into it and they are trying hard to take me down.

Heavy police presence. Cops are gang members at this point.

They protect the Masonic and Jewish Mafia that's running this country into the ground.

I will put out videos daily if possible. People will see what it's like to be messed with all day every day in public.

Over six hours of this on the road no matter where I go.

I have years' worth of this bullshit.

If I wouldn't get nabbed with a bogus assault charge, which is exactly what these criminals want, I would happily get in the ring with any one of these punk thugs.

I taught in the hood. Gangsters don't scare me. I've known real ones in my lifetime.

A real gangbanger will just shoot you. They won't threaten.

You are damned if you do, damned if you don't in this insane program.

The CIA specializes in double binds and impossible equations.

Spineless cowards.

In targeting, you deal with the same liars and cons that fabricated 9/11 and all the false flags. Does anyone honestly believe they are rogue?

They ARE the government and they lie for a living.

All presidents lie for the snakes behind them. Trump is no different. JFK was no different.

Everyone on the world stage that gains exposure is controlled to one degree or another and exist to move the masses toward predetermined agenda and nothing else.

Assange, Snowden, Jones, Ron Paul, Elon Musk, Hawking, Einstein, ad nauseum.

They are Masonic actors and they signal to us all the time and then laugh in our faces because we still believe they are legit.

They play dirty, too, because if you actually do call them out, then the world is designed to turn on you.

The deceptions these people pull off are endless and sophisticated.

They envelop and infiltrate all truth with their lies.

Targeting is no different. They are attempting to turn us into the next chapter of their depraved circus act.

Those who lead it, they will work hard to compromise if they aren't already. Most are.

If they can't, then they will do what they've done to me and many others. Keep us contained, marginalized, ostracised, discredited. and unable to reach the masses with real and uncensored truth.

This is their religion.

It is wicked.

I got wrongfully detained in Los Angeles in 2015 after I reported a break-in. I was put in cuffs and detained again on another occasion in Louisiana several months later when I complained about incessant (and deliberate) noise outside my room at a hotel and asked for a partial refund.

Both times were premeditated setups and both times people (neighbors in LA and employees in Louisiana) colluded with the police to wrongfully portray me and what actually happened. Prior to both of these events, I was aggressively collecting evidence and it was obvious retaliation for doing so.

The cops also engaged in psychological warfare and harassment the entire time, trying to get me to break and lose composure so that they could force some type of psych hold or evaluation. In LA, I was interrogated for an hour and put in a holding cell in cuffs. In Louisiana, they cuffed me outside of the hotel and deliberately caused a scene.

Each time, their shady tactics failed, and I was let go.

The cops are never on the side of the people. They serve their masters and the brotherhood. They knew exactly what they were doing when they set me up like this, which means they (and everyone connected to them) are guilty of premeditated conspiracy to frame an innocent person.

They should all be in prison for this.

I am getting threats of fatal head-on accidents. Usually they threaten with semis. Tonight I had an SUV in the oncoming lane on a four lane highway with a six foot wide median between opposing lanes. I was the only one on the road with nothing between me and this vehicle. This indicates it was premeditated.

The video talking to someone who saw it after the fact was deleted from my phone.

CIA Mafia cowards.

April 11, 2019

Last night I posted about a white SUV in the wrong lane on a four-lane highway coming at me with no other cars in sight. Clearly premeditated and sending a strong veiled threat my way.

Today, I was sent on a wild goose chase for a delivery out in the middle of nowhere and what passes me on the way there? A dented, white SUV leading a caravan of four sheriffs with their lights on.

These thuggish DHS fascist cops are boldly taking credit for the terrorism and death threats that I have been subjected to for four years now.

I will upload this video soon.

Interesting that this thumbnail feeds into the very brainwashing of which they speak. I have had many people indirectly throw the word "obey" around me on many occasions. Was covertly influenced into buying that brand of shirt a while back too. This term is used in the media often to reinforce notions of submission in high-level monarchs. Twisted world.

In any event, all people thrown into these upgraded MK-Ultra programs are subjected to intense forms of brainwashing that now employs advanced Brain-to-Brain and Brain-to-Computer technology to achieve what once could only be accomplished in person. The techniques they list in this article have all been used on me with persistence in the last few years. They have failed miserably.

Sometimes remote handlers will tap into brains and attempt to twist and sabotage dynamics between unwitting, innocent, and well-intentioned people. I have experienced a lot of this. Other times, covert agent provocateurs and MK-Ultra and NLP specialists pretend to fight the good fight while controlling the predetermined narrative and employing shady tactics to handle "talent" whose programming has been activated.

Important to remain aware of both.

Biker gangster dude was aggressively driving around me on the road showed up at place where I picked up an order before I got there, which means he knew where I was going. Confronted him and he admitted he was a mason. At least he had the spine to take ownership. Few do.

Got it all on camera.

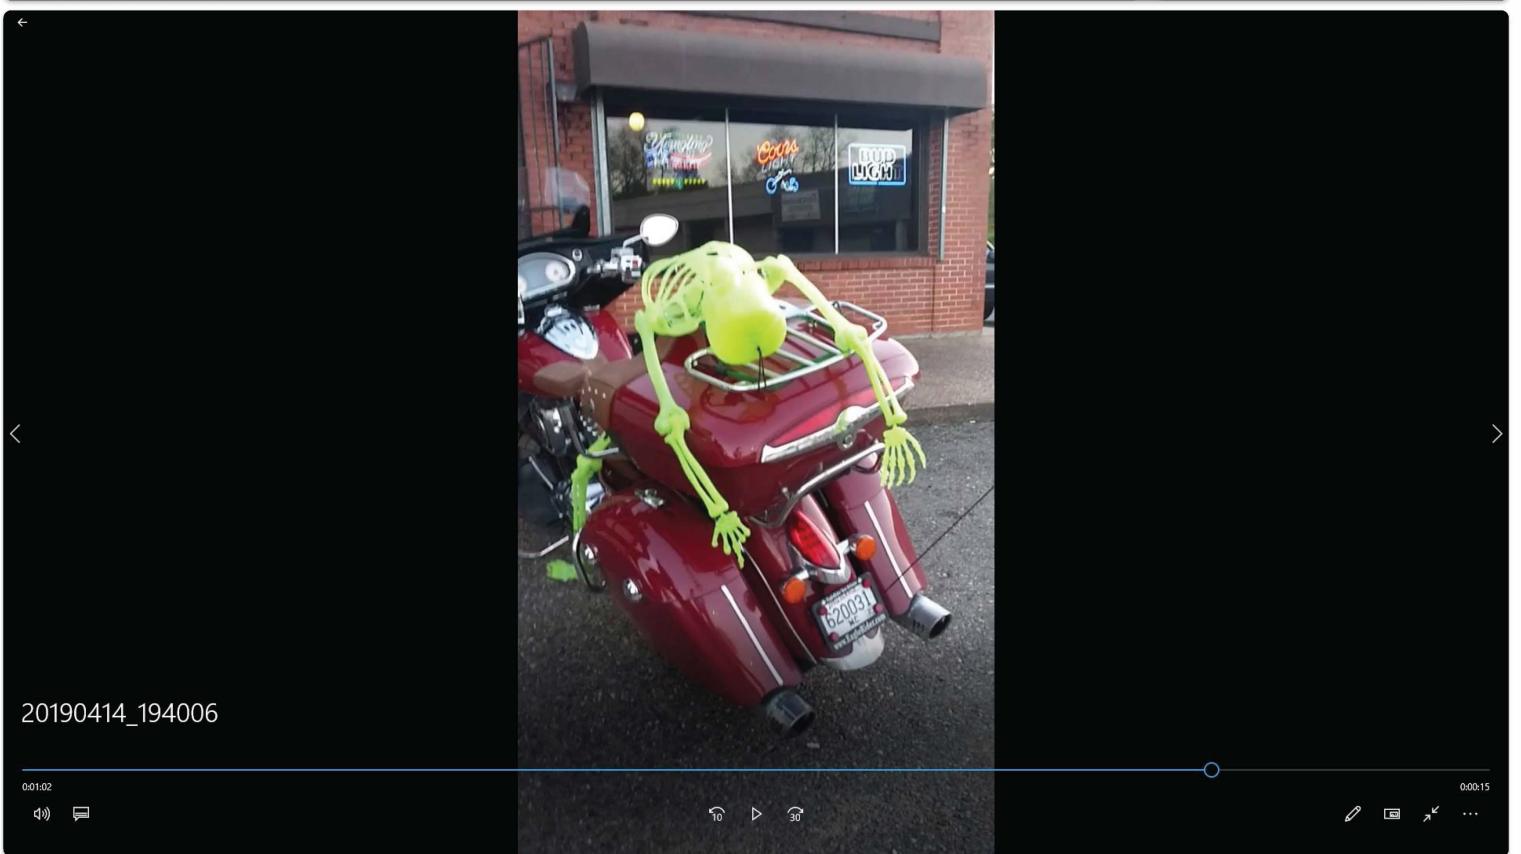

Wearing orange and black shades too. Reinforces what I have said about that color combo.

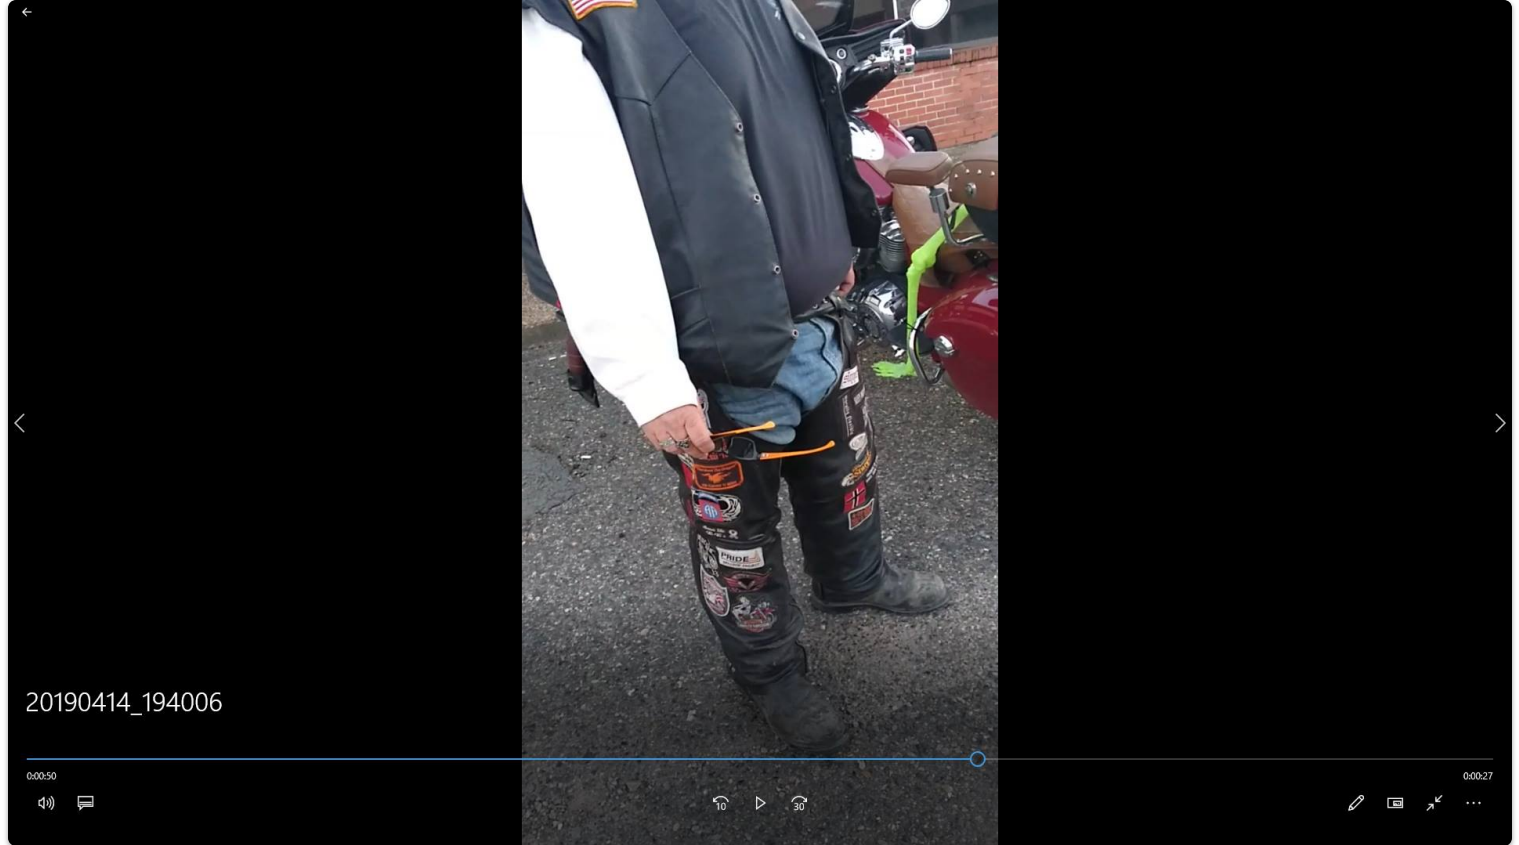

Laid-out skeleton on back of bike. Satanic death imagery.

Semper Fi on jacket. Marine perpe**TRAITOR**.

I will prove everything.

April 16, 2019

Yesterday, I recovered incriminating footage that got deleted from my SD card in my dashcam. The footage was of a biker Mason harassing me on the road, then appearing at a place where I was scheduled to pick up an order and admitting on camera that he is a Mason.

I also got footage of cops at two perp-orchestrated orders, one right after the other, at two different Taco Bells (involved company) doing intimidation theater and sending veiled threats my way. At the second one, they claimed that someone got into a fight with an employee and they were taking a report. All of this is staged.

The narrated videos I have been making of the dashcam footage that shows all of these patterns of activity and harassment around me is clearly a problem for them, so they retaliate in exactly this way.

If the thug Masonic handlers (cops, intel, military) can't handle you or control you, despite constant marginalization, threats, terrorism, and torture, then like a dirty, shameless, morally bankrupt, psychopathic Mafia, they start focusing on people you care about. Parents, children, spouses, anyone you love. They have periodically sent veiled threats of harm to my entire family for four years now.

So today, a family member started to experience heaviness in her chest and numbness and the fire department came over to check her. This is the day after they destroyed the footage that I recovered. These are the same firefighters that terrorize me locally on the road.

They made sure to strike a few Masonic poses while I was speaking to them. They also made sure to turn their back to me on multiple occasions so I could see written in big letters across their shirts the word "FIRE." The threat of them starting a fire has been persistent for four years and is a go-to threat.

This also comes after this family member suffered a miniature stroke a few months back, which was most likely induced with Directed Energy Weaponry. Right after that happened, a neighbor made it a point to let me know that his grandfather had passed away after a second stroke.

This kind of hard-core, covert terrorism against me and my family has not stopped since 2015. It's not just local either. The same psychological warfare and veiled threats are thrown at me online and via media as well. Identical tactics, which tells you how layered this program is and that most of the people you meet online when targeted come from the same cesspool as the local criminals.

The depth of this evil is bottomless. The Jewish, Masonic, and Satanic mafia, which runs the military, the intelligence agencies, law enforcement, and the Stasi Informant network, pretend to be helping people when in truth they are the actual destroyers of society. Very similar to the Hegelian Dialectic that is used on a macro scale, these lunatics will slowly kill people using Directed Energy and other means and then help them to their grave while taking the credit for being benevolent servants of the people.

The truth is, they are sadistic maniacs beneath the surface and they terrorize and threaten people with smiles on their faces and behind badges, uniforms, and any other title that distracts people from their true nature. They harm innocent human beings and murder people every year while disguising their deeds with cover stories of natural causes, old age, genetic predispositions, and tragic accidents.

They have turned this world into an evil place, and the fact that so few people see this drives home how diabolical and corrupted this world has become.

My family is being remotely manipulated and used by Masonic Mafia criminals in law enforcement, intelligence, and the military. I am proving in compelling and incriminating ways that the Masons are behind the extreme persecution, targeting, and criminal handling of my and my family's lives. Because of this, the heat has picked up dramatically.

I am getting threatened with dangerous accidents constantly while driving and am getting threatening presence no matter where I go, and this includes cops who operate like the gang leaders of these vigilante squads. Throughout the day, I am harassed, terrorized, and interfaced with in disturbing ways by criminals with tech. At night, I get sleep-deprived and heavily assaulted with Directed Energy Weapons.

These are War Crimes, Crimes against Humanity, and a textbook example of modern day Military and Intel ritual abuse, profiling, and torture of innocent US civilians.

After doing videos showcasing all the Masonic orange, orange and black, and orange and blue combinations while in public, a family member is wearing clothes of the same colors. When this happens, the personality shifts as well. The behavior is literally being copiloted by thug sadists in the military, intel, and law enforcement. When these shifts happen, the person becomes extremely disagreeable, often abusive, and looks for any reason to start a fight and threaten. They always make it a point, too, to warn me to stop wasting my time collecting evidence and building a case against these lowlifes. They act just like perps but they are unaware.

Because these criminals took my business down along with every other domain of my life in 2015 and have made it next to impossible to get solid work that doesn't involve them and their criminal interference and sabotage, I remain in a marginalized position financially which makes it much harder to fight back in the ways I typically would. If they hadn't taken my life down in such a way, there is no way they would be able to have power over me like this, which is exactly why they do it this way.

This is modern-day Masonic and Satanic CIA Monarch Programming. They establish a floating box of oppressive and suffocating control around a person's life and that includes friends and family. It is a crazy-making situation.

Regardless, I will never stop exposing it. They are weak, pathetic, tyrannical cowards, and they program and harm children without shame. They will one day pay for what they do. Because my sons were put in the same program, this is guaranteed. It's way beyond me at this point.

Assange's alias as a programmer was Mendax.

"Splendide mendax" means "nobly false : untruthful for a good cause."

Worth posting again...

=====

Everything I have observed I have done so from firsthand experience. The insights that I glean over time come from analysis and research of everything that has been done to me and others while in this horrific program.

The program is full-spectrum and assaults a human being across all domains of life using the same techniques.

If the handlers can't get you caught up in their mind games or fear-based world, they lose a lot of their power.

This program is built around a Hegelian Dialectic in the same way the world is. Whether it's internal neurological mapping of an individual into a particular narrative and behavioral outcome, or it is the mapping of experience and conflict between the target and others, the result is contrived, unnatural, deceptive and always driven by ulterior and nefarious motives.

The rewards and punishment Pavlovian Operant Conditioning model has roots in behavioral modification, Monarch Programming and Mengele-style ritual abuse and torture.

The targeting experience is highly repetitive because repetition is key to effective conditioning and programming. It is also a form of extreme torture that can be used to break down the mind, especially when the repetition is negative and imposed on the victim from an external malevolent force.

Spaced repetition of thought, action, behavior, interaction, conversation, experience is a staple of this modern day MK-Ultra Monarch Program.

These people come from a place based on bloodlust for power, greed, money, and all things material, with the overall goal of control of everything. They are projectors of their own depravity and perversion, and they attempt to program others in this broken and distorted image.

Today's MK-Ultra operatives work hard to establish an action-reaction environment for the individual that looks to move a person out of any semblance of natural existence and into a world enslaved by the actions of people who have no business controlling anyone or anything.

Both positive and negative reinforcement are used in this program to suggest action and thought in a person. Once this is done many times, this will anchor the person in an association between the thought or action and the external trigger, most often a sight or sound.

Part of trauma-based programming involves breaking down the mind, then rebuilding it amid a dysfunctional and twisted but carefully managed system of punishments and rewards.

The tactics that are used on a micro scale with a target are the same tactics used on a macro scale on the masses. The goal for both is full-spectrum control.

The parasitic handlers actively trespass on a person's brain, property, and life and work hard to maintain their insidious presence at all times.

The program utilizes a degrees of consequence behavioral conditioning model. Consequences can be physical, neurological, psychological, emotional, situational, environmental, social, financial, any domain of life. The frequency, intensity, and duration of the consequence is associated with the target's actions or inactions throughout any given day. Over time, this persistently reactive model saturates a person's experiences to the point of shifting behavior from natural, organic, autonomous and free to reactive, provocative, sensitized, traumatized, and modified. This practice is being covertly implemented around the world as a means of population control or more accurately, human slavery.

If a person's targeting is lifelong, their families most likely are in the program as well. The only difference is that the target knows it and their families don't. They are as ignorant and victimized as we were before our targeting was made known to us.

Lack of support or belief in the targeting experience is necessary for effective behavioral control and programming. This is why all friends and family are either wittingly compromised or covertly handled and programmed.

Every facet of this program puts itself through a filter of plausible deniability. They blend their crimes into every day experience then push the boundaries enough to make the victim aware while taking care not to disturb for everyone else the illusion of an ordinary event.

Agents establish a slanderous profile for a target first, then use neural technology, directed energy torture, and in-the-field provocateurs to impel the target in the direction of said profile.

To maintain trauma, the handlers weaponize everyday experience by attaching negative outcomes or associations to what would otherwise be perceived as neutral or positive.

This program is the most disruptive and invasive program ever created. It disrupts one's life on every imaginable level and invades one's brain in every way conceivable.

If the technology is working on you, then it will be working on the people around you and can and will be used to weaponize and sabotage any interaction or relationship.

Continuously giving one false hope then serving up failure is a psychological gaslighting technique taken out of the Stasi Zersetzung playbook. It is used in this program to break a person down so that they feel left with no choice in the end but to give in and obey.

These people are misery creators. It's their specialty.

The new slavery is slavery of the mind. The shackles are invisible, the slaveowner unseeable.

The more you understand what these criminals do and why, the more pathetic they become. Knowledge disempowers them.

When fully exposed and seen for what it is, this program and the agenda behind it will go down as one of the darkest hours in history.

I am working hard to figure out specifically how these domestic terrorists posing as citizens do what they do.

The patterns I am highlighting in my dashcam footage demonstrate that the perpetrators are trained, most likely by law enforcement, in precision driving, floating box, and road pursuit tactics. I have captured their hand signaling as well on multiple occasions, which also points to police training.

Important to go after this program with a level head that always puts what we do and say, especially when sensational, through the filter of credibility, the kind that will hold up in courts. Even if they are corrupt, which they are, it's difficult to argue against proof, especially when it is amassed across many experiences, people and locations.

Trying to determine how they keep in communication while swarming us everywhere we go. They probably have something proprietary but this particular app on the Play Store could be along the lines of what they use. Neighborhood Watch is a nefarious backdoor to Communism and the NWO Police State.

The GPS on someone targeted is constant, too. The software they use can connect to GPS tracking implants as well as phone and car GPS.

App that track fleets of cars using GPS are common and used by businesses.

The Hegelian Dialectic is how the Satanic elite pacify the masses while slowly inching toward their endgame agenda of invincible totalitarian control of everything, including human existence.

The entire global NWO system -- government, media, entertainment, culture-- in other words, the world as we know it, needs to be gutted of these tyrants.

Nothing has stood in their way for real for centuries, quite possibly millenia.

From what I can see, there is nothing on the world stage that looks any different than anything before. Same tactics used to control opposition while pretending like there's a real fight at hand.

Same goes for targeting circles.

Intel has gone from wiretapping to braintapping. Surveilling (and programming) our brains is the new standard.

I am all about equal rights but not ones with nefarious unberbellies attached to them, especially ones that harm children. The controllers of this world specialize in neatly packaged and "politically correct" (aka brainwashing) agendas that make it difficult to speak out or criticize any ulterior motives that may be attached to what seems on the surface common decency.

They prop up on the world stage representatives to further evoke sympathy for their cause and to shut down any and all dissent. They are psychological bullies and they bully society with brain-entraining propaganda and draconian laws that strike fear in people and stab through the heart any free expression that they don't approve of.

The State as parent, guardian, and owner of any and all things, including children, is the ideal manifestation of Global Communism and a One World Satanic Kingdom. It is the most inhumane outcome imaginable that will enslave and dehumanize all life as we know it.

It personifies evil.

Excerpt:

"The transgender movement has strong totalitarian overtones that Americans (especially certain senators) don't fully understand. How else to describe a crusade with such far-reaching consequences for First Amendment rights? The legal destruction of gender distinctions will inevitably dissolve family autonomy, thereby uprooting freedom of association. Free expression becomes "hate speech" if one doesn't fall into line with the directives of the transgender lobby or its pronoun protocol. Freedom of religion takes a direct hit any way you look at it.

Under the guise of "rights," the transgender movement can serve as convenient cover for consolidating and centralizing power under an ever-expanding State. Once we allow the State to refuse to recognize that children result from the male-female union, we grant the State more power to separate us from our children. As power becomes more centralized in the State, the individuals and institutions of the State, inevitably flawed, end up owning our personal relationships. With weakened mediating institutions—family, churches, private associations—we lose the buffer zones that stand between individuals and an encroaching state."

The people who do this are lowlife criminals. Intel and DHS engage in these kinds of tactics in an attempt to fulfill a psychiatric profile of schizophrenia or paranoid delusion so they can discredit victims coming forward to press charges and file lawsuits.

Voice and sound travel through air and water. This is not complicated to do electromagnetically. Beaming these sound waves toward a person can easily create the sound of voices of people talking where there are none. Water and air blasting from fans are two used often.

Anyone still questioning whether Masons are directly connected to targeting, I will continue to provide evidence to remove any doubt.

Look at the symbol on the left tail light. It's actually on both tail lights, but only the left one is clear in this shot.

This road terrorist made sure to get in front of me and lead me into a near major accident while merging on the freeway. He moved out of the way and a big bucket was sitting in the middle of the lane. That footage will be in a video that I will upload later.

"The research, conducted by Erin Buckels of the University of Manitoba and two colleagues, sought to directly investigate whether people who engage in trolling are characterized by personality traits that fall in the so-called Dark Tetrad: Machiavellianism (willingness to manipulate and deceive others), narcissism (egotism and self-obsession), psychopathy (the lack of remorse and empathy), and sadism (pleasure in the suffering of others)."

Lots of trolling in targeting circles on FB and elsewhere. Some tactics are more sophisticated (and cowardly) than others.

Intel loves trolls.

News is always coded with 33, 44, 55, 66, 77, 88, 99 and variations of these numbers, 33 being the most popular. This includes many articles on targeting, which tells me they are turning the targeting experience into another coded, fraudulent Masonic intel operation.

My life is coded in similar fashion going back to birth. It's a Kabbalistic ritual and way of satanically branding and mocking society and culture.

Hijacking the narrative and sullyng the truth.

Excerpt:

"The same NYPD is responsible for the damaging consequences of the mass surveillance program they launched post 9/11 that targets the Arab American community. The NYPD's Zone Assessment Unit, sponsored by the CIA, was established to map and monitor the activity of Arab Americans and American Muslims in New York and collected data from other jurisdictions, including New Jersey and Pennsylvania. And just like the statistics proving Stop and Frisk is an ineffective policing tactic, the NYPD's surveillance of the American Muslim community did not result in a single lead on terrorist activities in New York."

Assange A False Hero To Drown Everyone

<https://www.youtube.com/watch?v=1wFH6t9DWvc> (no longer available)

This got moved around and hidden from my timeline, so I will repost:

All of the signals of Masonic affiliation are permeating targeting. People against brick backdrops, people between two figurative, Masonic "pillars," people flashing hand signs, wearing black and red, black and white, combinations of orange, blue and orange, black and orange, and variations of these colors in the background. Pay attention to media (news, TV, YouTube especially) and you will see all of this with persistence.

This is a fraction of the signs and symbols used to signal secret collusion and to attempt to control those hit with this kind of programming. It's the equivalent of a secret language and my life has been saturated with it, both locally and online. I am proving and will continue to prove it beyond a doubt. I do not intimidate or waver. Remote handlers have tried to influence me with tech to do the same and go along with their deceptions and nefarious agenda. I will never stop fighting this aggressively. I will always reject what they do.

They are criminal sadists, traffickers, and programmers of the worst kind, who hit people of all ages with their evil, including newborns. Just like perps in public, those online and on Facebook surround you and deny that there are signaling in any way if confronted. May even suggest that you're "reading into it" or that it's "no big deal."

This is the Satanic and Masonic way. A person swears up and down that they have no affiliation and then flashes devil's horns or a pyramid or whatever right after they deny it. Psych warfare and psychological gaslighting that is designed to mess with someone's well-being on deep levels. It is sick, twisted, and criminal.

People who pretend to be heroes and fighters for human rights but are nothing more than another cog in another deceptive chapter of a false dialectic I want no part of. They promise everything, deliver nothing, and profit from people's suffering, suffering that they helped create and then turn around and pretend to heal.

If a person is targeted and finds themselves unwittingly influenced in any way that could be misinterpreted, then make a point to educate yourself and avoid it. They are looking to brand us (and society for that matter) with their signs, symbols, colors, codes, ad nauseum. Make it impossible for them, document their crimes, and expose them for what they are.

We don't live in a Police State.

We live in a Slave State.

A hidden one.

Controlled Opposition like Snowden, Chomsky, Jones, or Assange, to name a few, make careers out of "exposing" the corrupt government and the Powers that Be that they are secretly beholden to. This same strategy is burgeoning in targeting circles now. In a few years, the most obedient and well-performing puppets will be in place on the world stage. That is my prediction. How do I know this? Because they connected agenda to me that would have put me at the forefront and alongside them and I rejected it. And when I dared to expose them for all they are, I got a massive dose of the brutal, sadistic, twisted, unapologetic evil that defines this Masonic and Jewish Mafia. That continues to this day.

These people are the vilest and most cowardly of criminals who program, abuse, torture, and traffic children and then covertly move them into adulthood in hopes of using them to carry out nefarious and deceptive missions.

These are the type of people controlling the narrative and they ARE the world stage.

Would you trust them?

June 26, 2019

The goal of satanic evil has always been to turn the world into deception that everyone believes is truth, then to reveal the deception, then to reveal the "real" truth, which will also be deception. There is no such thing as real truth with these tyrants, liars, cons, and thieves. As long as they are in power, what we are sold will always be false, no matter how well it's packaged and spun.

June 28, 2019

Hand signals, colors, numbers, words, phrases, consumer products, signs and symbols of all types, anything with indirect and hidden communication value that is highly deniable and difficult to prove is persistently used in this program both on a local level as well as online and via the media. This is how the Masons communicate and they run this program using the military, intelligence agencies, law enforcement, and various citizen policing groups as their hubs. I will eventually prove this with compiled footage and

evidence. Technology, though, also influences gestures in unwitting civilians in order to confuse the truth, generate false accusations and correlations, and discredit the target. This is a part of their strategic cover and a way to set up innocent people, typically the main victims of these crimes.

July 5, 2019

These Masonic criminals work particularly hard to set me up, frame me, slander, discredit, profile me, and portray me in whatever negative light they can come up with when my sons are in town. I will eventually break down in great detail how they use this technology to maneuver a person into a setup that is coordinated beforehand, but suffice it to say, if you are targeted like this, the cops, intel, and military, work hard behind the scenes to sabotage and misrepresent your life to all those around you in myriad ways. If they can profile you criminally and find a way to charge you with something, all the better.

Local police are the Masonic handlers and gang leaders. They are extremely corrupt and dirty and they are on me nonstop.

They all belong in jail and their badges taken away for good.

July 10, 2019

Was playing basketball with my son and unusually out of breath from constant Directed Energy assaults when the sciatica nerve in my back seized up, quite possibly induced as well by DEW (Directed Energy Weaponry). This happened once before about a year ago.

The pain is so intense that I cannot breathe if I move in the wrong direction. This now knocks out our plans for the next few days at least, which has been typical of this experience. They enjoy ruining time with your children, children that I now only spend a few weeks out of the year with, children that were basically taken out of my life four years ago.

After coming back inside and writhing in pain, I pass the television right at the moment a commercial comes on about back and joint problems. I then get injected telepathy that says "This is one of our favorite kinds of torture because it's so painful." They then via BCI (Brain to Computer Interface) attempt to impel my movement in a way that intensifies things. Add to this hitting my throat with DEW so that I cough which also worsens the experience.

These are methods of a sadist. Multi-layered, highly coordinated Satanic Ritual Abuse and Torture. The Masonic military and intelligence criminals appeal to this foundation of evil.

Pathetic cowards. Collective bullies who beat people when they're lying defenseless on the ground.

Never give in to these lowlifes.

July 13, 2019

A few years back I searched my name when I knew my identity had been stolen and found a person, who is allegedly from Iran and works in security and technology. There are very few people with my name who spell it in exactly the way I do. He had a Google Plus profile up (which I can no longer find) that showed him with two kids, the same number that I have, and an older man who had a strong resemblance to my dad.

He also showed up in a search with two different names attached to the same picture (this no longer shows up in searches). When I went downstairs for a moment after discovering this, I came back up and someone had remotely changed the name again. After I refreshed the browser, it went back to the original.

I tried contacting him on Facebook but he did not respond, and the profile is now gone. Facebook was absolutely no help in the past when my old account got hijacked, so it's somewhat pointless to pursue until this country gets out from under fascistic rule.

I also have exposed brick backdrops as a known signal of Masonic affiliation and he recently threw up a pic standing in front of a brick backdrop.

This is an example of psychological warfare and is the work of the CIA, Mossad, DOD, and ZioNazi Masons and Kabbalists. It is their way of covertly threatening to frame, defame, and profile me using shady tactics. It's a form of high-level human trafficking and agenda-driven Monarch programming that connects to sophisticated and highly organized crime carried out by secret societies, military, and intel.

The Masons and the CIA have fraudulently and criminally branded and programmed my life and reinforce this in satanic and ritual fashion. Reflection and mirroring is a standard and worn-out tactic used on me often. When you tell the truth without reservation, they work overtime to threaten and discredit.

They are dirtbag criminals.

July 18, 2019

These military intel mafia have wrecked my sleep my entire life. Sleep deprivation and disturbance was a major component of MK-Ultra programs so do the math. When this was covert for me, it was explained away as severe insomnia and of course my own issue. Now, they shock and jerk my body around and attack my sinuses and throat all night long. They go particularly hard if there is something important planned for the next day or I am fighting back in ways they don't like. They will also align insomnia and

poor sleep for my sons with the nights when they hit me particularly hard to let me know that they are using the technology on them in the same covert way they used it on me before I figured out this was happening.

They are sadistic and wicked lunatics.

Eventually, people will understand that many health diagnoses and anomalies are due to government thugs covertly attacking people, including kids, with Directed Energy and Neuro Weaponry.

This Zionist New World Order government destroys and sabotages lives as a rule and as part of their Orwellian, totalitarian, social engineering, social control, and depopulation agenda.

July 20, 2019

The CIA and Co are isolating, programming, and co-piloting people's lives to gear up for the coming New Age revolution and manufactured End Times.

Vet your own impulses and behavior and discern the difference between natural instincts and actions and those covertly implanted by criminal military and intel handlers looking to bring to fruition their latest and greatest deception.

The most heavily and overtly targeted are the most aggressively hit on all levels but also the ones most capable of resisting, exposing, and undoing this programming.

July 21, 2019

The CIA and the Rockefeller and Rothschild-funded Tavistock spearheaded the hippie movement and 60s peace and love revolution to further break down society and experiment with techniques of mass social control and engineering. Now they are doing it all over again and trying to make all TIs isolated, broke, marginalized, discredited and nearly homeless with nothing left but their name and soul while spreading propagandized and hollow notions of love, peace, and forgiveness. They are driving our lives into a corner to move their agenda forward one more chapter. Typical trauma-based programming techniques.

I have been taken down many programmed narratives in the last several years, all while being sadistically tortured and abused. One of them was to live on the road and among the people as a kind of homeless wanderer and vagabond. A sort of Kabbalistic New Age gypsy. They have thrown at me the revolutionary angle as well, where they would use me as a figurehead for their One World takeover and staged revolution.

Messianic programming, Chosen Ones programming, Light Warrior programming, and End Times programming are being further reinforced using ritualistic and Kabbalistic media, which some would label an advanced form of modern day witchcraft. These are extremely sophisticated and lifelong operations and they have been on millions of us since birth. The internal scripts they run are hard to detect if the programming stays covert and especially if they have been interfacing with our brains since we were kids.

Ideally for them, programmed opposition works in tandem with controlled opposition and no one ever knows. Heroes are as much a programmed concoction as villains. This is how the invisible controllers at the apex of this corrupt world maintain the dialectic. They have upped the ante on brainwashing and fakery with the advent of modern technology and mass media.

July 22, 2019

I would add to this no planes. CGI with potential holography day of to fool lookers-on.

World stage theater to traumatize psychology, inspire mass fury, and galvanize the world toward another fake war to steal from the masses and move the New World Order agenda one step closer toward Worldwide Totalitarianism.

Our government is diabolical and in bed with Israel and has been for a long time. This country was set up to fall by frauds and cons who lie, cheat, scam, steal, terrorize, torture, and murder their own citizenry.

They are Satanic ritual abusers of the Good.

Got questioned and detained at the site where I was delivering food tonight by a Masonic cop who just so happened to be pulling out of the same residence and claimed I was suspicious because I didn't immediately go into the gate and was sitting parked on the side when I was actually talking on the phone and getting the gate code from the customer. Coordinated set-up, frame-up, and entrapment. Criminally profiling me to throw me in jail for any reason. I gave him a piece of my mind and let him know I knew he and his department and DHS buddies were criminally surveilling, harassing, terrorizing, and profiling me along with millions of other innocent citizens across the States.

This country is a satanic, fascistic cesspool. Going after and criminalizing good and innocent people and rewarding and protecting morally bankrupt lowlifes. Little has changed in the four years that I have been fighting this, and I continue to be harassed, terrorized, tortured, and threatened every day. The power on me and my family is far above the law and has contained and shut down my life in every imaginable way because not only do I refuse to cooperate with their agenda-driven schemes and plans, but I expose them in ways that strike deep.

All the drip disclosure that's happening was pre-planned a long time ago and is being slowly rolled out according to plan with controlled opposition in place to pretend like real things are happening when it's the same old circus act it's always been. The uncontrolled and unadulterated truth gets buried in this world.

The only way for any real change to ever happen is for every single one of these criminal Satanists and Masonic and Jewish mafia overlords and all their minions to be gutted from society and power for good. And even then it's hard to say whether it's legitimate or not. That's the nature of this level of deception. The world operates from a core of lies that is nearly impenetrable.

July 26, 2019

Satanic DARPA saying they are benevolently developing technology to control the behavior of the "mentally ill."

That's rich. Targeting is a premeditated discrediting and takedown operation and an entrapment trawling net from the get-go. Most of the people purporting to help are corrupt and deceptive extensions of the same operation and are tasked with corralling, handling, and subtly mislabeling, tracking, and further slandering real and uncompromising victims who have been wrongfully classified by the criminal military as a potential threat to themselves or others.

The great irony here is that any erratic behavior that may arise out of people who are targeted is almost solely due to the neurological, Directed Energy, and psychological warfare, terrorism, and torture that is inflicted on them every day by the same people who claim in this article to be ethically developing neural implants to help those classified as unstable.

This is back-door psychiatric profiling to cover for diabolical crimes against humanity. They assess people from birth and go after the ones they know are too intelligent, ethical, and independent to fall for or give in to their intimidation games and smoke and mirrors propaganda.

Can their evil criminality get any shadier?

Military Funds Brain-Computer Interfaces to Control Feelings

July 26, 2019

I am getting serious threats daily, which is nothing new but it is picking up in terms of hard retaliation that is being orchestrated behind the scenes by Masonic mafia cops. When my life was taken down in 2015, I got waylaid so hard I could barely function. I have been struggling to get my life back ever since and continue to get hit by coward thugs who gang up and beat on people they've already practically destroyed.

Tonight was another mapped out experience. I was dropping off a delivery and got neurologically maneuvered into a massive pothole that took out my front tire. Didn't see it because it was night. Money I don't have. They ripped apart my finances and make sure to keep me on the precipice of absolute destitution. Standard practice.

This is what remote intel mafia handlers are doing to people. They covertly interface with my behavior to coordinate with what they already know is in front of me on the road. Dangerous and criminal. I get tow trucks around me all the time as a veiled threat that they are going to do something to my car, so I know this isn't random. It never is.

Before this delivery, I had two near-accident tactically coordinated events that I avoided. Then I dropped off a delivery in a tough neighborhood with some gangster types hanging out on the street. Said "What's up boss?" when I got out of the car. Right after that, two cop SUVs drive by me a few blocks down plus a tow truck not long after. Then I pop my tire in a rough area downtown and have to wait for several hours before getting towed. While waiting, several biker gang types pull up in the hotel parking lot and just sit on their bikes in front of my car.

We are living in a thug mafia country that terrorizes and tortures innocent civilians all day every day. This period in history will go down in infamy.

We are in the throes of a persistent War on Terror crisis drill that intends to move the world toward Martial Law and WW3 while portraying anyone who questions the propagandized mainstream narrative as a delusional extremist that must be watched when in truth it's the government that's extreme, not the citizenry. This is Orwell's 1984 and Huxley's Brave New World but much worse.

Can you really tell the difference between a drill and a supposedly real shooting? What proves it to you besides the government and media telling you it happened? Do you see dead bodies that you can prove are not breathing? Do you see actual bleeding that you can determine isn't fake? Is this possible to do from the comfort of your own home and by seeing it on a TV screen? How can you tell without doubt if you aren't actually there? How can you prove they are actually dead?

What would be the purpose of staging this kind of event? Why would the government do such a thing? The answer is simple: To strike fear in the masses so that we are more willing to give up our rights in exchange for protection from the "bad guys." This is what Totalitarian regimes do. It's nothing new.

In a country that is willing to stage a demolition of the World Trade Center as a terrorist attack carried out by Moslems with boxcutters and to sell a film production as an actual moon landing is willing to lie about absolutely everything and take it to the grave.

And most people sadly enough go along because it's comfortable, because it's just too much to consider the possibility that we've been deceived to such an unspeakable degree. That's how far gone we are as a society. Fed on lies from birth, we know nothing else.

Disband the lying media.

Disarm the corrupt governments.

Chaos and tyranny would end swiftly.

August 13, 2019

Intelligence and Military Intelligence and the most powerful secret societies behind them have turned the planet into a sophisticated simulation and control grid with predictive capability. Their goal has always been to enslave ALL life -- both internally and externally -- on a macro level, a micro level, and everything in between. I have lived this. It's real.

The military and Freemasonry — which at the higher levels are one and the same — are ideologically aligned with the Illuminati. It's a hierarchy where those below never question those above. It's set up in that way to provide built-in protection for their depravity

and criminal ways and to keep the truly good from ever rising to the top.

Evil to these people is a valued commodity and one of their most often used tools of control. They have successfully turned the world into a persistent fear-based and trauma-based experience that is designed to intimidate and degrade the individual and one's natural and free existence.

Even the toughest rarely go up against them because of their overwhelming material power coupled with centuries of psychological conditioning to instill the false belief that we are incapable of doing anything that will legitimately affect change.

The "revolts" or "rebellions" that do form are rarely if ever organic. They are managed by the same power and crafted with predetermined outcomes that benefit them and no one else.

This further adds to the deflation of the human spirit, which is the point. They want the world to hit rock bottom. The propagandized, MK-Ultra media is used to drill these ideas into one's psyche.

They are dark psychologists and sadists who have refined techniques of over thousands of years.

They view the world through a cold and ruthless lens, where the means justifies the end, no matter how inhumane and harmful. Life, to them, is expendable. The group, the collective, takes precedence. Always.

These tyrants have exacted near incalculable amounts of pain and suffering on this planet, all the while spewing out propaganda and lies that cover up and deny this truth.

It's a Satanic and destructive power structure hellbent on preserving its own and destroying everyone else in the process, particularly those it considers most threatening to its everlasting dominion.

For those who do see beyond the lies, the outlook is meant to look grim. Evil always heightens and magnifies itself, which in actuality belies its weakness and flaw. In the end, they will fall.

911 is a significant number to Luciferians, Masons, and the New World Order because it relates to Revelations 9:11:

"And they had a king over them, which is the angel of the bottomless pit, whose name in the Hebrew tongue is Abaddon, but in the Greek tongue hath his name Apollyon."

They are setting the stage for the Antichrist and the Satanic Kingdom.

The Reichstag Fire was the staged event that catapulted Nazi Germany into an official and government-sanctioned totalitarian regime. After this fire, Hitler, four weeks into becoming Chancellor, blamed the Communist Party and suggested taking action to President Hindenberg. Hindenberg then declared the equivalent of Martial Law, where anyone expressing dissent could be incarcerated (or worse). Federal law basically trampled over all local, state, and individual rights and freedoms.

Does this sound familiar? The script is being repeated and the goal this time is worldwide communism. This time the US is the fall guy and Trump is the figurehead. Just like in Nazi Germany, the government and its minions are pushing the idea of defending

freedom to the point of revolution when in truth, we are with method being moved one step closer toward a nightmarish Orwellian Police State that will most likely end with the world at war and this country in shambles. This is exactly what they want. National identity is an impediment to their communistic One World vision.

To be sure, the Satanic, Zionist puppetmasters (Rothschild et al) behind Nazi Germany are the same ones behind the present growing chaos. They control ALL parties and countries and fan the flames of anger and divisiveness among the masses in order to push forward NWO agenda and take away freedom.

It's a simple formula that seems to keep working no matter how many times they repeat it.

Had an Armed Forces Active Duty license plate aggressively pull in front of me yesterday. That was a first. High level and persistent military operation around me at all times.

My intention is to rip to shreds this entire program, nothing less. I will expose and prove every nuance, every facet, every detail, every tactic, every evil that has been waged on me and millions of others.

They were focused on me as a child and they are focused on my children as well. They have psychologized and conditioned raw power away from real men of true strength. They have criminalized God-given and purely human survival instinct, the instinct that protects families and the young at all costs.

You go after my children, I will destroy you.

No amount of psychobabble propaganda and snakelike legalese will change that.

Dirty cops and intel release toxins into the air through ventilation. They also break into my car and do the same. Same smell. Same sensation. I believe it is a nerve agent that is used to amp up the effects of the neuroweaponry and to increase reactivity, which feeds into profiling. I have been hit with this for several days in a row now.

A neighbor confirmed the smell in Los Angeles. It is powerful and unmistakable. They have several they have used on me and each one has a distinct smell and affects me differently.

A sweeter one knocks me out fast and is used in conjunction with EMF frequencies to keep me asleep when they break in. In Los Angeles, this happened once and I woke up with a knife opened up and the blade placed next to my head on the pillow, a knife they knew I carried as a deterrent because gangster mafia thugs were following me around town and consistently breaking into my place while I was asleep.

The cops do nothing because they are behind it.

We are living in a country run by state-sanctioned criminals.

This is being pushed around the world covertly. The United States is a lot closer to communist China and the former Soviet Union than people understand. Being targeted wakes a person up to this fast.

Doesn't matter how they spin it, individual freedom is always the enemy of a totalitarian state.

From the article:

Crime was determined not as the infraction of law, but as any action which could threaten the Soviet state and society. For example, a desire to make a profit could be interpreted as a counter-revolutionary activity punishable by death.[4] The liquidation and deportation of millions of peasants in 1928–31 was carried out within the terms of Soviet Civil Code.[4] Some Soviet legal scholars even asserted that "criminal repression" may be applied in the absence of guilt.".[4] Martin Latsis, chief of the Ukrainian Cheka explained: "Do not look in the file of incriminating evidence to see whether or not the accused rose up against the Soviets with arms or words. Ask him instead to which class he belongs, what is his background, his education, his profession. These are the questions that will determine the fate of the accused. That is the meaning and essence of the Red Terror." [10]

What kind of coward wears a badge, carries a gun, and harasses, profiles, terrorizes, and persecutes defenseless and innocent citizens and then denies ever doing so?

The police...Local, State, Federal.

Variations of the same cowardice.

Trump playing the "mental illness" card and going along with mass casualty drill lies, promoting them as actual shootings where people really got killed.

It's a clever move in that he acts like he's against gun control and big government but he's at the same time spreading propaganda and labeling fake mass shooters as "mentally ill," which will be one of the angles to control everyone who disagrees with the State's agenda.

In any event, all lies are in major overdrive since the Propaganda Ban was lifted in 2014, giving the government license to deceive and propagandize with impunity.

Trump's a player and doing the bidding of Israel and the Masonic and Judaic power. He is one more in a long line of Zionist puppet figureheads, designed to tear down this country slowly and invisibly until there's nothing left but the military arm of the One World Communist State.

Aaron Alexis and Myron May, two "mass shooters," were Masonic, CoIntelPro deceptions propped up to associate the Targeted Individual narrative with the mentally ill and dangerous. Once the media established that people who call themselves "Targeted Individuals" are running around shooting up places, then any language used to describe the targeting experience could be profiled as language used by mass shooters who are mentally ill. This then allows the corrupt government to expand the trawling net of punitive psychiatry and social control, which is precisely what Communist Russia and Nazi Germany did.

It's all a setup by minions who betray this country and the people in it.

If you're targeted, move away from the controlled opposition narrative. It's a trap.

And do whatever you can do substantiate the crimes committed against you with hard proof and documentation. Protect your credibility in every way you can.

This was ten years ago and now, ten years later, people claiming to be targeted are being classified as "mentally ill" by the CIA CointelPro Mockingbird media.

The UN had a session on the "social implications of non-lethal weapons with specific reference to 'privacy-invasive remote interrogation and behavioral influence applications.'"

When a person is placed on the watchlist (typically unknowingly and frequently without suspicion of links to criminal activity), the judge wrote, that

"President Trump's administration is considering a proposal to study whether monitoring people with mental illnesses could prevent future violence."

====

I called this tactic out a long time ago. This is a shady backdoor strategy to move this country toward full-throttle communistic psychiatric reprisal and Orwellian totalitarianism.

Mass shootings are now being assessed as stemming from a culture of severely disturbed people looking to lash out at society in a lame attempt to correlate mass shootings and gun violence with mental illness. Aaron Alexis and Myron May were the two fraudulent representatives for the Targeted Individual community, who were publicized in mainstream media in order to criminalize and sully the perception of real victims suffering in the crosshairs of these horrific targeting programs.

The problem is that these events are wholly manufactured and nothing but gun-grabbing, freedom-stripping government propaganda! That means the State is the one with the incurable mental illness, because they are incessantly lying through their teeth and with forked tongues. They want our rights, all of them, and they don't care how many innocent lives get destroyed in the process.

Trump is the well-disguised, Deep State figurehead, fulfilling his role in the final chapters of their New World Order master plan. This government is already operating in secret like a fascistic, communistic entity. It has been like this for decades and is now emerging for all to see.

But they are still too cowardly to admit it, which makes them super snakes. Instead, they employ deceptive, circuitous tactics to usurp people's rights and get the masses on board with tracking, chipping, and punitively institutionalizing everyone they deem "unstable" and worthy of being watched.

The Masonic secret societies along with military and intelligence agencies, along with local, state, and federal law enforcement are using Directed Energy and Electromagnetic Weaponry to slowly murder a family member while covertly signaling to me that they are doing so as a consequence and "warning" for the proof and disclosure I am putting out there.

Elderly people in particular are an easy cover because of their age but these psychopaths have terminal illness covers for deaths they induce at any age, including children.

It is clear that they are using this technology to covertly murder many across this country. It is a part of a long-form, covert, eugenics population control and genocidal depopulation agenda.

The United States Government likes to call anyone who goes up against them an Enemy of the State.

It should be the other way around.

There is no end to this slippery slope. They want to take it all the way to make a point.

This is why this movement is so intensely Anti-Christian because Christianity clearly lands on absolute moral ground.

Morality to satanists is a human construct with no universal underpinnings.

GPS-enabled chips are decades old. This criminal program tracks down and stalks targets like a predator does its prey.

====

"Theoretically, a GPS-enabled chip could one day make it possible for individuals to be physically located by latitude, longitude, altitude, and velocity. Such implantable GPS devices are not technically feasible at this time. However, if widely deployed at some future point, implantable GPS devices could conceivably allow authorities to locate missing persons and/or fugitives and those who fled from a crime scene. **Critics contend, however, that the technology could lead to political repression as governments could use implants to track and persecute human rights activists, labor activists, civil dissidents, and political opponents; criminals and domestic abusers could use them to stalk and harass their victims; and child abusers could use them to locate and abduct children.**"

Goes back millenia:

"Isis was another Eastern goddess whose cult spread all over the Mediterranean. Similar to Demeter, Isis was considered a law giver and protector of the crops, while ritual purification and secret rites were performed in her honor. In pharaonic Egypt, Isis was sister and wife of Osiris (god of the afterlife) and mother of Horus, whom she appears suckling (55.121.5). In the Greek world, the earliest temple dedicated to Isis was founded in Athens in the fourth century B.C. The cult spread rapidly during the third century B.C. and was linked closely to the political and military activities of the Ptolemies (89.2.652). By this time the consort of Isis was Sarapis (Serapis), a syncretic god created in Egypt, who represented the boundary between life and death and was identified with Hades and Asklepios (53.191.2; 1991.127). Harpokrates, their son, is often portrayed with his finger touching the lips in a gesture intended to ensure secrecy."

Doctors are clueless over the CIA's use of technology to program gender confusion and dysphoria in kids. This is further reinforced by media propaganda, celebrity mouthpieces pushing agenda, and parents raising their children the opposite sex and being praised and showcased as the most loving, accepting parents for doing so.

This would have qualified for child abuse not long ago. Now they are being championed and rewarded and anyone who questions and challenges this narrative is shamed and demonized. And if you happen to be a parent with little kids in school you might get focused on by corrupt organizations like the CPS. They in conjunction with the schools are now threatening to take children away from moms and dads who refuse to indoctrinate their children with this agenda.

To be clear, the State intends to control all procreation in the future. The Eugenacists at the top want a world of sterile adults, where babies are created and designed in labs. Eugenics at the turn of the twentieth century looked to sterilize women that they considered unworthy of having children. This movement never died. It simply went dark. Like MK-Ultra. These are the same people. They were spearheading the insanity back then are forcing this agenda today.

A predominantly hypersexual, homosexual, and transexual world moves them closer to this realization. If they can condition the future youth into accepting this New World formula as a normalized way of life, on par with the historically heterosexual, traditional family, then they can over time and more easily take natural birthparents out of the picture and control life from birth to death.

Removing the mother and birthing process from the equation will sever the powerful bond between mother and child, destroy the social fabric of the biological family, and for the first time in history extinguish the most primordial human attribute: Our innate capacity and desire to create and sustain life.

If you think this is farfetched, take a look at China and their sterilization and birth policies, which are often brutally enforced. The world is headed in that direction unless these people are stopped and removed from power for good.

Elizabeth Warren

War Wren

Wren: a small short-winged songbird found chiefly in the New World.

Is Elizabeth Warren a songbird for the New World War?

Is Trump the Trumpet? The Trump Card?

This is always a consideration when people are moved into positions on the world stage.

This world is coded and programmed and operates very much like a Kabbalistic Matrix using signs, symbols, and gematria to communicate to those in the know.

Nothing is as it seems.

Excerpt:

"A military official based in Xuzhou City, Jiangsu Province, who was involved in developing "mind control" technology told the NGO in June that the Chinese regime has a machine "that can interfere or attack a person's brain from thousands of kilometers [1 kilometer = about 0.62 mile] away. It can connect the person's brain, monitor his or her intention, control his or her autonomic nervous system, and can even stop the beating of his or her heart," the official said.

The NGO study concluded that the machine mentioned by the official likely had the ability to emit electromagnetic waves at the same frequencies as a human brain.

The device can emit an electromagnetic wave that mimics real human frequencies to the target person, creating a fake feeling or hallucination, or controlling the subject's bodily functions, according to the study."

Medical "breakthroughs" are a good cover for the real ulterior motives, which center around neurological manipulation of a human being for political and social control.

The ability to control an individual in such a way I would estimate has been around for at least a half century. They have been refining the technology in secret and around the clock since then.

When the media starts to cover these stories, it's a predictively programmed event.

I have received veiled death threats, threats of prison, threats of institutionalization, threats of myriad forms of illness and disease, threats of harm to my sons, threats of blackmail, entrapment, smearing, ad nauseum and nonstop for the last four and half years since the targeting went overt and I started amassing proof and exposing this criminal program. And they have no doubt done terrible and permanent damage to my life, so these threats aren't hollow.

But what's interesting is that the persistent veiled threats that I experience locally also permeate online in social media circles and seem to come from the same playbook. The same terror theater that is a staple of world stage events and local Stasi thuggery has

an online equivalent. People pretending to be incarcerated, injured, committed, terminally ill, or even dead is a standard of this kind of psychological warfare and terrorism. Perpetrators drop doublespeak veiled threats in online posts, indirectly mirror or comment on one's life as if they have a live feed to it, and engage in a myriad of tactics.

This all originates from an intel and military operations manual, one that they use as a rule to discredit, intimidate, destabilize, and silence real targets. There are legitimate atrocities being committed all over the world against victims of this program but the ones that are sensationalized and publicized are usually intel productions full of shills and agents. The real tragedies get buried amid the controlled narrative propaganda and get paid very little attention when they do happen.

Betrayal and duplicitous behavior by friends and family is one of the most despicable elements of this program. In East Germany, the Stasi recruited both and family members often secretly informed on their own brothers, sisters, mothers, fathers, husbands, wives, even children for simply questioning the criminal State's draconian ideology or for behaving in a way that was considered "suspect."

Nothing more rotten in my book.

In 1871, the U.S. Treasury went bankrupt as a result of the Civil War. It sought help from global financiers, such as **Rothschild's** of London. Global bankers were eager to buy, and the treasonous **Act of 1871** was passed by the 41st Congress. The Constitution was altered, and America was transformed into a Corporation. Today, it's still a corporation owned and run by central bankers. There is no Federal government, only a Federal corporation. Politicians do not serve "we the people," they work for Corporate America and no one else. America's product? You.

"Describes the advantages and limitations of the transdermal stimoeiver, a system with 4 channels for electrical stimulation and 3 channels for electrical recording, to and from selected brain structures through the intact skin; by means of wireless links, the whole system may be used in completely unrestrained Ss. The system has been tested in goats with suitable controls, demonstrating that transdermal performance is similar to direct wire. Possibilities of the system for long-term depth EEG recordings, long-term electrical stimulation of the brain, communication from the brain to computer and back again, and clinical use in humans are noted. Excerpt:

"There is no connection between the Sept. 11 attacks and what is in this legislation [the so-called 'USA Patriot Act']. Most of the provisions relate not just to terrorist crimes but to criminal activity generally. This happened, too, with the 1996 antiterrorism legislation where most of the surveillance laws have been used for drug enforcement, gambling, and prostitution."—Police State, Kelly Patricia O'Meara, Insight Magazine

That was in 2001. While stats on gambling and prostitution are harder to come by, ten years later and true to form, the USA Patriot Act was used in 1,618 drug cases but only 15 "terrorist" cases. So, with stats that might shock even Ms. Strossen, more than 99% of Patriot Act actions — including most of the \$52.6 billion/year black-budget spy programs — are used against citizens, not against so-called "terrorists."

Pedophiles and Illuminati programmers run this world and these are the results. This is in Texas no less.

They want children to be sexed up and "consensual" at an early age. They infest our minds when we are young with their agenda. Their primary tools are the media, culture, education, and technology that remotely programs children without the child's or the parents' awareness.

There is a special place in hell for these predators.

Excerpt:

Neuroelectrical activity was detected first by Hans Berger in 1924 and recorded in EEG. In the 70s the Defence Advanced Research project Agency started to explore brain communication using EEGm, and in 1976 UCLA's Brain Computer Interface Laboratory provided evidence that evoked potentials could be used to control a cursor. In the same year Jacques J. Vidal creates the term BCI. In the last 50 years the field had been evolving at a fast pace. Few important milestones:

1998: First (invasive, non-EEG) implant in the human brain that produces high quality signals

1999: BCI is used to aid a quadriplegic for limited hand movement

2002: Monkeys are trained to control a computer cursor

2003: First BCI game is demonstrated to the public (BrainGate)

2005: Monkey brain controls a robotic arm

2008: Voiceless phone calls are demonstrated (The Audeo – TI developers conference)

2014 Direct brain-to-brain communication achieved by transmitting EEG signals over the internet

These lunatics and their criminal use of this technology are the primary source of most if not all neurological "disorders" and now they want to play hero by normalizing and commercializing brain interfacing, while making it seem like they are helping children who they most likely implanted from a young age without their or their parent's awareness.

The CIA-ridden medical and psychiatric industries are primary entryways into a transhumanist police state and they start young and without anyone's permission.

Which makes them criminal.

And they have been monitoring and programming people internally for many decades already but under the radar. Their system is based around operant conditioning techniques and reward and punishment systems that stay aligned with their New World Order Supremacist whims.
